Council of the City of Philadelphia  
Office of the Chief Clerk  
Room 402, City Hall  
Philadelphia

(Resolution No. 260247)

## RESOLUTION

Declaring March 16 - March 20, 2026, as National LGBTQ Health Awareness Week in the City of Philadelphia.

WHEREAS, National LGBTQ Health Awareness Week is an annual event to raise awareness about the health challenges faced by the LGBTQ+ community and advocate for better healthcare access and equity. LGBTQ Health Awareness Week is an opportunity to engage with organizations that conduct crucial health equity work, inform the public about the importance of LGBTQ+ health, and unite providers, LGBTQ+ communities, and allies for the advancement of real solutions that remove barriers and improve health for us all; and

WHEREAS, LGBTQ+ individuals are disproportionately impacted by a wide range of health threats when compared with their cisgender or heterosexual peers, which is the direct result of compounded anti-LGBTQ+ discrimination and other systemic barriers to accessing healthcare services across the United States. There is an urgent need for a greater allocation of resources to support healthcare providers nationwide who report feeling unprepared to meet the needs of their LGBTQ+ patients and clients and LGBTQ+ health; and

WHEREAS, According to the Kaiser Family Foundation, one third of LGBTQ+ adults (33%) say they were treated unfairly or with disrespect or had at least one negative experience with a health provider, compared to 15% of non-LGBTQ+ adults. Additionally, the Kaiser Family Foundation found that 61% of LGBTQ+ adults reported that a provider assumed something about them without asking, suggested they were personally to blame for a health problem, ignored a direct request or question or refused to prescribe needed pain medication, compared to 31% of non-LGBTQ+ adults who reported these same negative experiences; and

WHEREAS, The National Coalition for LGBTQ Health created National LGBTQ Health Awareness Week to raise awareness about issues impacting LGBTQ+ healthcare. The National Coalition for LGBTQ Health was founded in 2000, to improve the health and well-being of LGBTQ+ individuals by advocating for better healthcare access, supporting community initiatives, and promoting research; and

*RESOLUTION NO. 260247 continued*

WHEREAS, The National Coalition for LGBTQ Health’s primary focus is to expand culturally competent health and social services to serve a diverse and inclusive LGBTQ+ population, to build and disseminate knowledge regarding the LGBTQ+ population’s health status, access to and utilization of healthcare and other health-related information, and to change public and private sector laws, policies, and regulations regarding LGBTQ+ health and related issues; and

WHEREAS, National LGBTQ Health Awareness Week 2026 is organized on the theme, “Orangize to OUTlast”, to emphasize the need for advocating for inclusive, affirming, and accessible healthcare while combating rising challenges to LGBTQ+ rights and health access. It is important to unite community and providers to build strategies, skills, and resources to fight for health equity against regressive policies; and

WHEREAS, Philadelphia is home to a wide variety of organizations that offer LGBTQ+ healthcare services, fight for equality and protect rights for all, and provide a safe space for LGBTQ+ individuals to learn and grow, including but not limited to Covenant House, Mazzoni Center, Willam Way LGBT Community Center, The Trevor Project, Planned Parenthood, Philadelphia FIGHT, Transgender Law Center, Philadelphia Freedom Band, The LGBT Center of Greater Reading, Philly AIDS Thrift @Giovanni’s Room, GALAEI, Attic Youth Center, and Colours Organization, who impact, empower, support, inspire, teach, and protect the rights of LGBTQ+ individuals; and

WHEREAS, The City of Philadelphia stands proudly with our LGBTQ+ community in the fight to protect vital services and expanding inclusive care remains of utmost importance. The need to stand in defense of LGBTQ+ lives remains increasingly critical, considering hateful legislation introduced to eradicate LGBTQ+ rights, access to healthcare, and the censoring of LGBTQ+ students and inclusive materials in school curriculum; now, therefore, be it

RESOLVED, BY THE COUNCIL OF THE CITY OF PHILADELPHIA, Hereby declares March 16 - March 20, 2026, as National LGBTQ Health Awareness Week in the City of Philadelphia.
