(5) *Employees first hired or assuming elected office on or after January 1, 2010. All employees who (i) are police employees; and who (ii) are hired, rehired, or first assume elected office on or after January 1, 2010; are members of Plan '10 immediately upon employment by the City or upon taking office, unless, within thirty (30) days of employment or taking office, the employee makes an irrevocable election to become a member of Plan B, L or Y, as applicable.*

(1) Reemployment on or after January 8, 1987.

(a) Except as provided in paragraph (b) of this subsection, all separated employees who become reemployed by the City on or after January 8, 1987 become subject to the provisions of Plan A, Plan B, Plan L, [or]Plan Y, or Plan '10.

thirty (30) days of reemployment, makes an election to remain subject to the provisions of the plan covering him or her when he or she separated from service with the City.

In such case, any credited service rendered by the member, or compensation paid to the member, after the member becomes a member of Plan '10 shall apply solely to the calculation of the member's benefit under Plan '10 and the DC Plan and shall not be considered for purposes of determining the accrued benefit under the member's prior plan. Credited service accrued by the member under the original plan shall not be considered for purposes of calculating the member's Service Retirement Benefit under Plan '10. The above notwithstanding, for purposes of determining the member's eligibility for Service Retirement Benefits under § 22-301(1), all credited service with the City shall be considered. Prior to enrollment in the DC Plan and Plan '10, the Board shall provide to the member an estimated calculation of the member's projected total pension and retirement benefits determined as of the member's minimum retirement age. * * *

(2) Failure to choose option; members of plans not eligible for Option 4. Upon the member's death, subject to the provisions of subsection (3), no further benefits will be paid.

(3) Failure to designate survivor. When a member of Plan A, Plan B, Plan L, [or] Plan Y, *or Plan '10* retires without designating any survivor and then dies, no further benefits will be paid; provided, however, that if such member is survived by a spouse to whom the member had been married two (2) years or more, and with whom the member was *either* living at the time of death, or [with whom the member] had one or more children who are under the age of eighteen (18) at the time of the member's death, the member shall be deemed to have designated such spouse as the survivor under Option 1.

(4) Change of option. Until retirement, a member may revoke the election of any option under this Section, and may elect any other option, except that only members of Plan D, Plan J or Plan X *and police members of Plan '10* may elect Option 4. The member may also elect to receive either a lump-sum payment equal to the member contributions to the Retirement System or, in lieu thereof, any survivor benefit option available to the member's plan under § 22-306. (5) Service-connected health care benefit. If the Board determines that the death of a Police Employee or Fire Employee who had been a member of Plan A, Plan B, Plan D, [or]Plan X *or Plan '10* resulted from the performance of the duties of such member's position, a service-connected health care benefit shall become payable to the survivors of such member as set forth below. In the event such redesignation is made, and if the retired member has chosen retirement benefit Option 2 or Option 3 under § 22-306, an appropriate actuarial adjustment shall be made in the benefits of the retired member. A retired member of Plan D, Plan J or Plan X *or a police member of Plan '10* who had elected Option 4 or who had failed to make an election may not designate a new survivor. If such member rejects the option to redesignate survivors, or if one (1) year elapses without the member having exercised such option, an adjustment shall be made to the retired member's benefits to reflect the absence of a survivor. Effective the first day of the month following such retiree's written rejection of the option to redesignate, or the first day of the month following the expiration of the time period to redesignate, whichever date first occurs, such retired member's benefit will be redetermined as a benefit calculated as though the member had selected no survivorship benefit option. § 22-802. Purchase of Governmental Service.

* * *

(2) Maximum purchase of service; limitation. Credited service which may be purchased for allowable other governmental employment is limited to a maximum of ten (10) years and will be permitted only with respect to service for which the member is not or will not be entitled to a vested pension from another employer. However, a member may purchase credit for prior military service for which the member is or will be entitled to a military pension, if that member's entitlement to a military pension is based in whole or in part upon service in the military reserves. A member in Plan D, Plan J or Plan X shall not be eligible to purchase such service credits unless the member had a minimum of five (5) consecutive years of credited service with the Retirement System. A member in Plan A, Plan B, Plan L, [or]Plan Y, *or Plan '10* must file applications to purchase governmental service with the Board within one (1) year following date of employment for new employees, or within one (1) year following the effective date of this Title for members of the Plan on the effective date of this ordinance. Provided, however, that members of Plan A, Plan B, Plan L, [or]Plan Y, *or Plan '10* who file beyond the one-year deadline, may make such purchase by paying the additional interest provided in Section 22-807. Application for purchase of credited service shall be made on forms provided by the Board and, in the case of an application for allowable military service, shall be accompanied by a certified copy of the applicant's military record plus proof of a discharge from the Armed Forces of the United States that is characterized as "honorable" or "under honorable conditions". Such discharge shall be a condition precedent to being entitled to the purchase of credited service with respect to military service.

* * *

(4) Computation of payment for Members in Plan A, Plan B, Plan L, [and] Plan Y, *and Plan '10*. The employee may purchase governmental service by paying:

(a) The normal cost rate (employee plus employer) in effect on the date the employee becomes a member of Plan A, Plan B, Plan L, [or]Plan Y, *or Plan '10*

- (b) The member's annual compensation at that time

- (c) The years of credited service being purchased.

* * *

§ 22-803. Purchase of Prior City Service.

(1) Cost of purchase. If an employee is separated from City employment and withdraws contributions covering credited service, then § 22-302 (Separation Retirement Benefits), provides that the employee no longer has service credit for retirement, death or disability benefits. If such an individual is later reemployed by the City in Plan A, Plan B, Plan L, [or]Plan Y, *or Plan '10*, the employee may purchase credit for previous City service by paying the Retirement System the amount of the contributions that would have been made during the period of previous employment if the employee had then been a member of the appropriate plan of the Retirement System, together with interest thereon at the assumed earnings rate on fund investments as determined by the Board from time to time.

(2) Limit on time to purchase. If an employee applies to restore credit for previous service, the employee must either pay the full amount calculated under subsection (1) or make arrangements *within the first year of reemployment* to pay such amount on the installment plan described in § 22-806 (Installment Payments) [within the first year of reemployment]. Provided, however, that members of Plan A, Plan B, Plan L, [or]Plan Y, *or Plan '10* who file beyond the one-year deadline[,] may make such purchase by paying the additional interest provided in Section 22-807.

(e) a period of previously ineligible temporary service, under Section 22-803(7) of this Title;

and who failed to apply within the applicable period after their date of hire or the effective date of this Title (January 13, 1999), may nevertheless purchase said service, provided that the member pays interest on the purchase amount calculated from the date the employee was hired, rehired, or returned to service after a leave of absence. A member who had not purchased a period of service during which membership was deferred or which was previously ineligible temporary service may purchase said service, provided that the member pays interest on the purchase amount calculated from the date the employee would have made contributions if the employee had been a member at the time. Interest shall be charged at the current rate determined by the Board's actuary to compensate the Pension Fund for lost interest, currently 9% compounded annually, and shall be in addition to any interest to be paid for making any installment payments under the terms set forth in Section 22-806 (Installment Payments) of this Ordinance.

If [five percent (5%)] *the percentage of payroll set forth in subsection (A) below* does not equal thirty percent (30%) of the normal cost, the contribution percentage will be adjusted to equal the thirty percent (30%) of the normal cost. [If] *For members of Plan B hired before January 1, 2010, and for members of Plan A, if the [five percent (5%)] percentage of payroll set forth in subsection (A) exceeds fifty percent (50%) of the normal cost, the contribution percentage will be adjusted so as not to exceed fifty percent (50%) of such normal cost.*

(a) *City Contribution Subaccount--the portion of each Member's Account Balance resulting from City contributions under § 22-1404(1);*

(b) *Rollover Contribution Subaccount--the portion of each Member's Account Balance resulting from the Member's Rollover contributions under § 22-1404(2);*

(2) *Valuation of Accounts.* As of each Valuation Date, all contributions to and income of the Trust for the period since the most recent Valuation Date shall be credited to, and all losses and expenses of the Trust for such period shall be charged to, the Accounts maintained by the Trustee for the Members and Beneficiaries. Such credits and charges shall be made in proportion to the value of the respective Member and Beneficiary Accounts as of the beginning of such period (after recording all credits and charges required to be made as of the last preceding Valuation Date).

(3) *Limitation on Allocations.* Allocations to Members shall not be made in excess of the limitations set forth herein. For these purposes, the limitations on allocations set forth herein are intended to comply with the limitations applicable to

allocations imposed under Tax Code Section 415(c), all of which shall be determined by using the Retirement System Year as the "limitation year" as that term is used for purposes of Tax Code Section 415.

(a) *In general, annual additions (as defined below) with respect to a Member's Account shall not exceed the lesser of:*

(.1) *\$40,000 as adjusted for increase in the cost-of-living under Tax Code Section 415(d), or*

(.2) *100% of the Member's "compensation" defined below and within the meaning of Tax Code Section 415(c)(3) for the limitation year.*

(b) *For these purposes, the term "annual addition" means the sum for any year of City contributions, and forfeitures pursuant to this Chapter.*

(c) *A Member's "compensation" for these purposes means earned income, wages, salaries, and fees for professional services and other amounts received for personal services actually rendered in the course of employment with the City and including any elective deferral (as defined in Tax Code Section 402(g)(3)), and any amount which is contributed or deferred by the City at the election of the Member and which is not includible in the gross income of the Member by reason of Tax Code Sections 125, 132(f)(4) or 457, but excluding the following; (i) any distributions from a plan of deferred compensation; and (ii) other amounts which received special tax benefits, or contributions made by the City (whether or not under a salary reduction agreement) towards the purchase of an annuity described in Tax Code Section 403(b) (whether or not the amounts are actually excludible from the gross income of the Member). The definition of Compensation as set forth in this Section shall be the exclusive definition for purposes of applying the limitations of Tax Code Section 415. The definition of Compensation as set forth in Section 22-105(9) shall not apply to this Section.*

(d) *Notwithstanding the preceding definition of compensation, compensation for a disabled member shall, to the extent permissible under Tax Code Section 415, be the compensation such Member would have received for the limitation year if the Member had been paid at the rate of compensation paid immediately before becoming disabled.*

(e) *If a short limitation year is created because of an amendment changing the limitation year to a different 12-consecutive month period, the maximum permissible amount will not exceed the defined contribution dollar limitation multiplied by the following fraction: (number of months in the short limitation year) ÷ 12.*

(f) *If a Member's annual additions for a Plan Year exceed the limitations on annual additions set forth in Tax Code Section 415 for such Plan Year, the excess of annual additions shall be transferred from the Member's Account to the suspense Account and used to reduce aggregate City Contributions to the DC Plan in subsequent Plan Year(s).*

§ 22-1406. Vesting.

(1) *Member and Rollover Contributions. Each Member's Rollover Contribution Subaccount shall be 100% vested and, notwithstanding the provisions of Section 22-1302 (relating to Disqualification), non-forfeitable at all times.*

(2) *City contributions. Each Member's City Contribution Subaccount shall be 100% vested and, subject to the provisions of Section 22-1302 (relating to Disqualification), non-forfeitable upon completion of five (5) years of Credited Service. In the event that the Member separates from service prior to completion of five (5) years of Credited Service, the Member's City Contribution Subaccount balance shall be forfeited. Forfeited amounts shall be held in a suspense account and used to offset future contribution obligations of the City.*

(3) *Vesting upon Death or Disability. In the event that a Member dies or becomes disabled while employed by the City but prior to completion of five (5) years of Credited Service, the Member's Account Balance shall become 100% vested and, subject to the provisions of Section 22-1302 (relating to Disqualification), non-forfeitable.*

§ 22-1407. Investment of Accounts.

(1) *The Board shall designate one or more Funds for investment of the Members' Accounts. The Board may establish procedures for permitting each Member or Beneficiary to control and direct the investment of the Account and to allocate the investment returns attributable to such Member's or Beneficiary's directed investments to the Account of such Member or Beneficiary. In such event, the Board shall adopt reasonable procedures to provide Members and Beneficiaries with appropriate information concerning the Funds available under the DC Plan and to provide appropriate opportunities to change any investment elections as may be in effect from time to time.*

§ 22-1408. Distribution of Benefits.

(1) *Determination of Account. In the event of a Member's separation from service, whether such separation shall occur by reason of death, disability, retirement, or other separation from service, then the amount credited to such Member's Account shall*

be determined as of the most recent Valuation Date preceding the distribution of benefits to the Member.

(2) *Form of Benefit. The only form of benefit distributable under the DC Plan shall be a lump sum distribution, except where the Board determines that the distribution must be made in installments (not to extend beyond one calendar year) in order to provide for orderly processing of the distribution or to permit reasonable administrative procedures for the valuation of the Account being distributed.*

(3) *Timing of Distributions.*

(a) *Distribution upon Member's Death. In the event of the death of a Member, the vested Account Balance of such Member shall be paid as soon as practicable after the Plan Administrator is notified of the Member's death. Distribution of death benefits must be completed within five years of the Member's date of death or over such other period as may be permitted without resulting in a violation of Tax Code Section 401(a)(9).*

(b) *Distribution upon Member's Separation from Service. In the event of separation from service of a Member for any reason other than death, the vested Account Balance of such Member shall be distributed as follows:*

(.1) If the vested Account Balance is \$1,000 or less, the Account Balance shall be distributed as a direct payment to such Member as soon as administratively practicable after separation from service.

(.2) If the vested Account Balance is \$5,000 or less, but more than \$1,000, the Account Balance shall be distributed as soon as administratively practicable after separation from service, as follows:

(A) Upon the written consent of the Member, by rollover to an Eligible Retirement Plan as directed by the Member (as provided in subsection (4) below) or by direct payment to the Member; or

(B) In absence of the Member's written consent, by direct transfer to an individual retirement account maintained on behalf of the Member by a trustee designated by the Board.

(.3) If the vested Account Balance exceeds \$5,000, it shall be distributed by direct payment to such Member (or by rollover to an Eligible Retirement Plan, as directed by the Member pursuant to subsection (4) below) as follows:

(A) If the Member has attained Normal Retirement Age, it shall be distributed as soon as administratively practicable after separation from service.

(B) If the Member has not attained Normal Retirement Age, it shall be distributed as soon as administratively practicable after the Member attains Normal Retirement Age; or, if the Member consents to such distribution in writing, as soon as administratively practicable after receipt of such consent.

(c) Compliance with Tax Code Requirements. All forms of benefit distributions and required benefit commencement dates shall be subject to and in compliance with Tax Code Section 401(a)(9) and the regulations thereunder, including the minimum distribution incidental benefit requirement. The provisions of Tax Code Section 401(a)(9) and the regulations thereunder shall override any provision of the DC Plan inconsistent therewith.

(d) Account Balances of Separated Members. Amounts credited to the Account Balance of any Member who has separated from employment with the City shall continue to be held and invested along with all other assets of the Plan, subject to the same terms and conditions as apply to the Account Balances of active Members, including any provisions as may be in effect establishing a right of any Member to direct the investment of Account Balances maintained under the DC Plan.

(4) Direct Rollovers.

Notwithstanding any provision of the DC Plan to the contrary that would otherwise limit a Member's (or Beneficiary's, if applicable) election under this Section and except as provided in subsection (3)(b)(.1) above, a Member (or Beneficiary, if applicable) may elect, at the time and in the manner prescribed by the Board, to have any portion of his or her distribution paid directly, as an Eligible Rollover Distribution, from the DC Plan to an Eligible Retirement Plan specified by the Member.

§ 22-1409. Tax-Qualification of DC Plan and Trust.

(1) Incorporation of Tax Qualification Provisions. The DC Plan is designed to operate as a "tax-qualified" defined contribution plan under Tax Code Section 401(a) et. seq. In addition to the provisions of this Chapter and any provisions of general applicability as determined by the Board, only those provisions of this Title which are required for compliance with the tax-qualification provisions of the Tax Code shall apply to the DC Plan. Such provisions include, but are not limited to:

(a) Section 22-105(9) regarding maximum compensation.

(b) Section 22-105(35) regarding the required beginning date.

(c) Section 22-106 regarding administration pursuant to the Tax Code.
