The H.O.M.E. The Authority will, to the extent requested by the City, select, or otherwise cooperate with the City in the selection of certain governmental, non-profit and other entities, including MWDBE-contracting entities, as Program Intermediaries (PIs) to assist in carrying out various program delivery activities. To the extent that the City may utilize PIs to administer elements of the component programs of the H.O.M.E. Plan and perform specified activities in connection with the H.O.M.E. Plan, the Authority will cooperate with the City in the oversight, administration and coordination of such activities of such PIs to the extent directed by the City. The City and the Authority may also mutually determine that the Authority or PHDC will carry out certain program delivery activities directly on behalf of the City.

Proceeds of Obligations will be used for some or all of the following program costs (either incurred directly, or on a reimbursement basis, by the City, the Authority, PHDC or PIs). Any of the programs described below may be funded through use of an existing funding mechanism, or establishment of a new funding mechanism administered by a community development financial institution (CDFI) or other PI acceptable to the City and the Authority from which may be made direct payments for costs of property acquisition, construction or

improvements, or grants or loans in connection with carrying out various program delivery activities. Unless expressly specified otherwise within this Exhibit, loans may be made at zero or below-market interest rates and may be made as forgivable loans. No proceeds of Obligations shall be used by the City, the Authority, or any related entity to acquire an equity interest in any proprietary entity. Without intending to limit the application of proceeds of Obligations to finance other proper component program expenses, such proceeds may be used to: (i) pay fees (other than referral fees) and costs for program related services rendered to homeowners, landlords, renters, contractors, community organizations, non-profit entities, and small business owners participating in component programs, (ii) provide credit and similar counseling and advisory services to homeowners, landlords, renters, developers, contractors, and others in connection with application processes, (iii) pay the costs of retaining one or more third party evaluation organizations to collect data on a particular component program, verify outcomes, and produce reports on the impact of the particular component program, (iv) pay the costs related to assessing, designing (or redesigning) and implementing customer service and other processes related to the more effective management and/or development of existing and future housing related programs, and (v) pay the cost of administration of the respective component programs of the H.O.M.E. Plan by the City, the Council, the Authority, PHDC, or such PIs as determined by the City, the Council and the Authority, including, but not limited to, third party consulting services, staff time and internal resources expended managing an applicable component program, processing invoices, providing accounting services, overseeing contracts and carrying out annual audits.

The following general provisions shall be applied in implementing the component programs of the H.O.M.E. Plan discussed below except to the extent: (i) specifically provided otherwise within this Ordinance or (ii) limited or otherwise prescribed by applicable law from time to time in effect. References to “residential units,” “housing,” and similar terms shall be understood to encompass both rental and owner-owned units and property. Descriptions below shall be interpreted to maintain or expand, and not to limit, the scope of a given existing program as currently in effect at the time of enactment of this Ordinance. The component programs of the H.O.M.E. Plan may be undertaken in low, moderate and middle income census tracts and middle neighborhoods. The various housing production and preservation programs included within the H.O.M.E. Plan may be implemented to advance the City’s workforce housing needs consistent with the purposes of the Pennsylvania Urban Redevelopment Law. Activities to implement the component programs of the H.O.M.E. Plan may be undertaken anywhere within the service area of the Authority which is co-extensive with the City’s boundaries. References to providing capital and similar references shall permit the use of loans and grants. The future conveyance of properties acquired, constructed, rehabilitated or otherwise improved pursuant to the programs described below may be subject to such requirements as the Authority and City may impose upon borrowers, grantees, PIs, and other applicable program participants to further the purpose of developing and maintaining the supply of affordable housing within the City.

Any dollar amounts specified below in the description of any program, may be treated as increased over time based on the Consumer Price Index, the Producer Price Index and/or any other federal or commercial then-prevailing measure of changes in price levels, as applicable in the Philadelphia Metropolitan Statistical Area (or any similar successor regional description). Such increases shall not permit the issuance of Obligations in an aggregate principal amount above the limit provided in Section 1 of this Ordinance. Any references

below to percentages (e.g., with respect to “Area Median Income” or “AMI”) shall be subject to change from time to time by the City provided that any such changes are consistent with the purposes of the Pennsylvania Urban Redevelopment Law.

This program shall provide free adaptation projects to provide easier access to and mobility within homes (which may be delivered pursuant to grant or other arrangements) for permanently disabled renters (with permission of the related property owner) and homeowners with household income up to 80% of Area Median Income (AMI). Eligible homes shall be those meeting the AMP’s existing criteria.

Affordable Housing Preservation (HPres). This program shall include the provision of “gap” financing (i.e., financing including short to medium-term loans to address timing considerations or longer-term financing to complete the “capital stack” for a project financed predominantly from other sources) to developers for renovation, acquisition of property and other expenditures for housing preservation projects.

HPres may consist of providing loans and/or grants to PIs, property owners and developers for costs of existing property acquisition and rehabilitation, and providing funds for existing property acquisition and rehabilitation directly by the City or PIs for potential resale, to preserve existing affordable rental housing, with special emphasis on the preservation of Low-Income Housing Tax Credit rental housing developments. The major components of the HPres program will consist of programs in the following areas for which proceeds may be expended:

Preservation Acquisition Funds – Providing funds for the public, private or not for profit acquisition of rental units at risk of being converted to market-rate units. This may include properties with expiring tax credits, projects placed on the open market for sale or naturally occurring affordable housing that is at risk of market-rate conversion, including the payment of settlement and other costs related to the acquisition and transfer of such properties and costs related to maintaining, managing and holding properties prior to their resale or other conveyance.

Capital Improvements – Providing funds to be used to make capital improvements to existing affordable units. These improvements may take the form of wholesale rehabilitation or may include specific capital needs such as roof replacement, new heating system, energy upgrades or accessibility improvements.

Affordable Housing Production (HPro). This program may similarly provide “gap” financing for construction, reconstruction, acquisition of property and other expenditures for housing production projects.

HPro may consist of providing loans and/or grants to PIs, property owners and developers for costs of rehabilitation, property acquisition and new construction, and providing funds for

This program shall provide participating employers with financial assistance and services for such employers' City-based employees, including homebuyer assistance for first-time home buyers. Homebuyer assistance may be in the form of below-market loans or other arrangements that "buy down" the effective rate of such loans. Other financial assistance and services which may be provided to such employees for residential purposes shall include loan and credit counseling type services.

Façade Improvement Program. This program shall provide one-time funding (which may be administered on either a per residential unit basis or a per recipient basis) for the repair of housing façade work. Already existing architectural details in such facades may be restored or preserved. These projects may include weatherization assistance (which may be provided through grants and/or other services to homeowners or other property owners) required to maintain homes for the long term or to prevent structural damage which may shorten the useful life of such property.

Homelessness Prevention. This program shall be operated by the City in order to provide support to individuals and families at risk of homelessness, resources for housing stabilization, and a pathway towards permanent housing for such individuals and families. Specific services to be provided directly to such individuals and families as part of this program shall be tailored toward meeting direct needs for adequate shelter and housing.

This program may consist of providing funds for the City or PIs to improve existing properties or provide for the costs of the acquisition of properties and their transfer to responsible owners/managers who will maintain the properties' suitability for permanent

housing options for homeless residents, including the funding of loans to property owners and developers, the payment of settlement and other costs related to the acquisition and transfer of such properties and costs related to maintaining, managing and holding properties prior to their resale or other conveyance, any of the foregoing of which may be implemented in whole or in part through the funding of an acquisition and capital improvements fund. The major components of this program will consist of programs in the following areas for which proceeds may be expended:

Acquisition – Providing funds for the acquisition of properties to provide for permanent housing for currently homeless individuals. Funding would either take the form of direct property purchases to bring properties into the public inventory or as long-term, subordinate loans to third party providers to acquire properties.

Capital Improvements – Providing funds to either directly fund capital improvements for property in public inventory or as long-term, subordinate loans to private, third-party owners to make capital improvements to create or maintain units for permanent, homeless housing. Capital improvements may take the form of rehabilitation in order to convert a property from its current or former use into a homeless housing facility or may include specific capital needs such as roof replacement, new heating system, energy upgrades or accessibility improvements.

Small Landlord Incentive Program – Providing funds in the form of grants to provide incentives, such as an upfront participation payment (per unit) and a rental loss and damages reserve (per unit) for rental property owners who commit to renting to people with rental assistance vouchers or other subsidy for a period commensurate with receiving public funding support to encourage their participation in providing housing to people exiting homelessness.

A principal focus of this program is the stabilization of retaining walls, repair of dilapidated shared driveways, and removal of dangerous trees in common alley ways. Retaining walls to be improved will in particular include those that are classified by the City as imminently dangerous or unsafe under the City Code. Improvements to other private assets in disrepair (e.g., driveways, alleys, sidewalks, trees, sewers) that may create dangerous or unhealthy conditions may also be funded. The City may cause improvements or enhancements to be made directly to property. The City may impose assessments to adjacent property owners to recover costs.

One Philly Mortgage Program. This program shall partner with local and regional lending institutions to provide purchasers and owners of residential housing 30-year fixed-rate loans with reduced down-payments and very low (or below market) interest rates by utilizing loan loss reserves and by buying down interest rates (points). This program is intended to remove the need for private mortgage insurance (PMI) for participating borrowers.

Operational and Programmatic Efficiency Assessment. This program shall consist of the assessment by the City, the Authority and PHDC of agency structures, processes, and technology that impact housing production and preservation within the City to ultimately reduce time for processing applications, permits, and other matters requiring City review, approval or direction and improve customer service for developers, landlords, tenants, homeowners, and Contractors.

Among other purposes, this program is intended to contribute to the conservation and expansion of housing within the City, an increase in the vitality of neighborhoods, and the revitalization of deteriorated or deteriorating neighborhoods.

Philly First Home (PFH). This program shall provide grants or forgivable loans for first-time homebuyers (or other homebuyers eligible in accordance with existing PFH guidelines) which funds are available to reduce the principal of homebuyer loans and cover down payment and loan closing costs for such homebuyers with household income of up to such percentage of AMI as the City may from time to time determine. Loan forgiveness is generally conditioned upon the homeowner remaining in the home for a specified number of years. If the home is sold prior to the end of the specified period, the loan must be repaid. A waiver

may be issued under extenuating circumstances on a case-by-case basis due to factors such as loss of a job, job relocation or illness.

Purchase Bank Liens. This program is designed to increase the City's land inventory available for housing development through the purchase by the City, the Authority, or PHDC of liens on parcels of land (or the purchase of interests in real estate in order for the City's Land Bank to otherwise obtain such land and associated real property with marketable title) from U.S. Bank National Association (or its applicable affiliates) or from other banks, savings institutions, and financial institutions.

Remove Vacant or Blighted Housing through Demolition. This program will fund removal of blighted and vacant units owned by or in the possession of the City directly (or through arrangements where ownership or possession is with the Authority or PHDC) through demolition. The scope of this program may be supplemented beyond demolition work to include site clearance, environmental remediation, soil stabilization, stormwater management, and related work to cause the applicable parcels to be ready for site preparation work for future development and redevelopment pursuant to other programs and not to deteriorate during any period of time pending such future development or redevelopment.

In administering this program, individuals who qualify to be assisted may be supported in maintaining residence at either a current location in the City or establishing residence at some other location in the City if required rentals or other factors associated with the applicable current location are not commercially reasonable, make the prospects of sustaining residence at such location unfavorable, or lead to uneconomical results from the standpoint of maximizing the number of City residents who can benefit from this program.

Rental Improvement Fund (RIF). This program shall offer a loan product to small landlords (30 or fewer units in the portfolio for the particular landlord) to be used for making property repairs/improvements for their rental properties. Loans are eligible for full forgiveness or a preferable 0% interest rate if landlords meet program affordability requirements during the loan term. Subject to such later adjustment of program loan parameters as the City may determine, the loan is for \$10,000-\$24,999 per property (up to \$100,000 per landlord) over 10 years. The loans may be forgiven in such manner as the City determines, if conditions are met. Loan forgiveness may begin at any point during the life of the loan. An increased interest rate may be applied if affordability requirements are not met. For purposes of this program, the categories of eligible repairs and improvements shall include, but not be limited to, repairs/improvements addressing building code or lead-paint issues, and repairs of the same types and character as those funded through BSRP as well as AMP. Loan proceeds may also be used for working capital for costs related to the rental properties of such small landlords incurred in the ordinary course of their business.

This program is intended to enable such parties to avoid costly or prolonged court proceedings.

ARTICLE III THE H.O.M.E. PLAN

Section 301. Funding of the H.O.M.E. Plan. Upon the issuance of the 20[] Obligations, the Authority shall cause the proceeds thereof to be deposited in the funds and accounts established under the Indenture as set forth therein. Proceeds of any Additional Obligations shall be applied as set forth in the applicable Supplemental Indenture or in an Authority Certificate approved by the Director of Finance.

Section 302. The H.O.M.E. Plan.

(a) The City and the Authority hereby agree to undertake the H.O.M.E. Plan. In undertaking the H.O.M.E. Plan, the Authority will act at the direction of and with the cooperation of the City. The Authority agrees to cooperate with the City and take all actions which are reasonably necessary to facilitate the H.O.M.E. Plan.

(b) Proceeds of the 20[] Obligations shall be applied to pay or reimburse costs of the 20[] Project in accordance with the Indenture, the Act, the Redevelopment Cooperation Law, and the Ordinance. A Project Fund has been established under the Indenture to hold the proceeds of the 20[] Obligations prior to expenditures on Costs of the 20[] Project. The Authority and the City shall requisition funds from the Project Fund pursuant to the Indenture to pay Costs of the 20[] Project.

(c) In accordance with Section 1746.1 of the Redevelopment Cooperation Law, the City hereby appoints and designates the Authority as the City's agent within the Authority's field of operation to administer such portions of the respective components of the H.O.M.E. Plan as the City may from time to time direct and to perform any element thereof in accordance with the terms of this Service Agreement and any intergovernmental cooperation agreement between the Authority and the City. The Authority hereby accepts the foregoing appointment and designation and, in consideration of the Service Fee, agrees to administer such portions of the respective components of the H.O.M.E. Plan and implement such elements thereof as the City shall from time to time direct. To the extent that the City may utilize other governmental, non-profit and other entities to administer elements of the H.O.M.E. Plan and perform specified activities in connection with the H.O.M.E. Plan, the Authority agrees to cooperate with the City to aid in the oversight, administration and coordination of such activities of such other governmental, non-profit and other entities to the extent directed by the City.

Section 303. Compliance with Ordinance. Notwithstanding any other provision of this Service Agreement to the contrary, no proceeds of any Obligations of any series shall be spent except in accordance with the Ordinance.

Section 304. Additional Obligations. Upon the written request of the Director of Finance of the City, the Authority may issue Additional Obligations to refund Outstanding Obligations and to finance Costs of the H.O.M.E. Plan, including amounts necessary for Costs of Issuance of such

Additional Obligations, costs of credit or liquidity enhancement, and other amounts necessary to effect any refunding and may also incur Credit Facility Payment Obligations. In connection with the issuance of Additional Obligations and any incurrence of Credit Facility Payment Obligations, the Authority and the City shall enter into an appropriate supplement to this Service Agreement, subject to the provisions of the Ordinance, and shall be deemed to reaffirm on and as of the date of the issuance of any Additional Obligations, all of the representations, warranties and covenants of the Authority and the City set forth in this Service Agreement except to the extent otherwise specified in such supplement.

ARTICLE IV SERVICE FEE

Section 401. Service Fee. In consideration of the undertakings by the Authority under this Service Agreement with respect to the H.O.M.E. Plan, the City agrees to pay as a Service Fee in each Fiscal Year directly to the Trustee, as the assignee of the Authority, the following sums:

(a) The Annual Debt Service Requirement for such Fiscal Year, payable as follows:

(i) On the business day immediately preceding the date such amount is required to be paid to the Holders of the Obligations, the amount which is equal to the principal or redemption price of the Obligations becoming due on such principal maturity date or mandatory sinking fund redemption date, subject to credit for other available funds in the manner provided in the Indenture.

(ii) On the business day immediately preceding each Interest Payment Date, the amount which is equal to interest on the Obligations becoming due on such Interest Payment Date, subject to credit for other available funds in the manner provided in the Indenture.

(iii) On the business day immediately preceding the date such amount is required to be paid to the Holders of the Obligations, any other payment due to the Holders of the Obligations becoming due on such date, subject to credit for other available funds in the manner provided in the Indenture.

(iv) On or before the dates specified in any Credit Facility, the amounts which are equal to any Credit Facility Payment Obligations becoming due on such dates, subject to credit for other available funds in the manner provided in the Indenture.

(b) Notwithstanding any other provision of this Service Agreement, an acceleration of the Authority's payment obligations with respect to the Obligations or any Credit Facility Payment Obligation shall not cause an acceleration of the payment of the Service Fee hereunder.

(c) In lieu of all or a portion of the payments due under subsection (a)(i) above, the City, or at its written direction, the Trustee, may purchase for cancellation Obligations of the series and maturity next becoming due at maturity or upon mandatory sinking fund redemption, subject to the applicable requirements set forth in the Indenture.

The Service Fee shall be payable only out of the current revenues of the City, and the City agrees to provide for the payment of the Service Fee and include the same in its annual operating budget for each Fiscal Year. If the current revenues are insufficient to pay the total Service Fee in any Fiscal Year as the same becomes due and payable, the City covenants to include amounts not so paid in its operating budget for the ensuing Fiscal Year in order to provide sufficient current revenues to pay in each ensuing Fiscal Year such balance due in addition to the amount of Service Fee due for such ensuing Fiscal Year.

The City covenants to make appropriations in each of its Fiscal Years in such amounts as shall be required in order to make all Service Fee payments due and payable hereunder in each of the City's Fiscal Years.

Section 402. No Set-Off. The obligation of the City to make the payments required under this Service Agreement shall be absolute and unconditional. The City will pay without suspension, abatement, reduction, abrogation, waiver or diminution all payments required hereunder regardless of any cause or circumstance whatsoever, which may now exist or may hereafter arise, including, without limitation, any defense, set-off, recoupment or counterclaim which the City may have or assert against the Authority, the Trustee, any Holder of the Obligations, any Credit Issuer or any other person.

Section 403. Prepayment. The City shall be permitted, at any time and from time to time, to prepay all or any part of the amounts payable under Section 401 hereof together with such other amounts as shall be sufficient to redeem or otherwise pay all or a portion of the Obligations of any series in accordance with the provisions of the Indenture.

Section 404. Other Payments by City. The City shall make the following payments:

(a) the Authority's Administrative Expenses incurred at closing of the 20[] Obligations and from time to time with respect to any Obligations; and

(b) directly to the Trustee, on behalf of the Authority, upon invoice therefor, the Administrative Expenses of the Trustee as provided in Section [10.04] of the Indenture.

The Administrative Expenses shall be payable only out of the proceeds of the Obligations or the current revenues of the City, and the City agrees to provide for the payment of the Administrative Expenses and include the same in its annual operating budget for each Fiscal Year to the extent not otherwise provided for. If the current revenues are insufficient to pay the total Administrative Expenses in any Fiscal Year as the same become due and payable, the City covenants to include amounts not so paid in its operating budget for the ensuing Fiscal Year in order to provide sufficient current revenues to pay in each ensuing Fiscal Year such balance due in addition to the amount of Administrative Expenses due for such ensuing Fiscal Year.

The City covenants to make appropriations in each of its Fiscal Years in such amounts as shall be required in order to make all Administrative Expense payments due and payable hereunder in each of the City's Fiscal Years.

Section 405. Assignment of Service Agreement. The Authority hereby notifies the City that all the Authority's right, title and interest in and to this Service Agreement, including its rights to receive the above payments (except for the Reserved Rights), shall be irrevocably assigned by the Authority to the Trustee as security for the Obligations and Credit Facility Payment Obligations, as provided in the Indenture, and in furtherance of said assignment the Authority hereby irrevocably assigns all payments by the City hereunder (except for the Reserved Rights) to the Trustee for deposit or application in accordance with this Service Agreement and the Indenture. The City hereby consents to such assignment. The Authority consents to the payment by the City of, and directs the City to pay, all such assigned amounts directly to the Trustee.

Section 406. Excess Funds. After all of the Obligations and Credit Facility Payment Obligations have been paid or payment thereof has been provided for and all interest and applicable premium, if any, due thereon and all other amounts required to be paid under the Indenture have been paid or provision for such retirement and payment has been made in accordance with the Indenture,

excess moneys in the funds and accounts established under the Indenture from whatever source derived will be paid to the City. This paragraph shall survive the termination of this Service Agreement.

ARTICLE V FURTHER AGREEMENTS

Section 501. Compliance with Laws. The City covenants that all actions heretofore and hereafter taken by the City or by the Authority upon the request of any officer of the City in connection with the H.O.M.E. Plan, including the making of contracts, have been and will be in full compliance with all pertinent laws, ordinances, rules, regulations and orders applicable to the City. The City acknowledges that any review by the Authority's staff or counsel of any action heretofore or hereafter taken by the City has been or will be solely for the protection of the Authority. Such reviews shall not prevent the Authority from enforcing any of the covenants made by the City.

Section 502. Investments. The City and the Authority agree that all moneys in any fund or account established by the Indenture may be invested in such Investment Securities as the City may direct in writing, as provided in the Indenture.

Section 503. City to Perform Certain Covenants under Indenture. The City acknowledges that it has received an executed copy of the Indenture, and that it is familiar with its provisions, and agrees to be bound to the fullest extent permitted by law to all provisions thereof directly or indirectly relating to it, and that, in consideration of the service of the Authority rendered to the City under this Service Agreement, it will take all such actions as are required of it under the Indenture to preserve and protect the rights of the Trustee, the Holders of the Obligations and Credit Issuers thereunder and that it will not take or effect any action which would cause a default thereunder or impair such rights. The City hereby assumes and agrees to perform all of the covenants and other obligations of the Authority under the Indenture, excepting only any approvals or consents required to be given by the Authority thereunder, and those covenants contained in the Indenture which are not within the control of the City.

Section 504. Provisions Related to Tax-Exemption. Each of the City and the Authority covenants that it, with respect to any Obligations which are initially issued with the expectation that the interest thereon will be federally tax-exempt: (i) will neither make nor instruct the Trustee to make any investment or other use of the proceeds of the Obligations, the interest on which is intended to be excludable from gross income of the Holders thereof for federal income tax purposes, which would cause such Obligations to be "arbitrage bonds" (as defined in Section 148(a) of the Code); (ii) will comply with the requirements of the Code throughout the term of such Obligations so that the interest on such Obligations shall be excludable from gross income for federal income tax purposes; and (iii) will not apply the proceeds of such Obligations in such a manner as would result in the loss of the exclusion of interest on such Obligations from gross income of the Holders for federal income tax purposes. The City further covenants that it will calculate and pay directly to the United States the amount of arbitrage rebate with respect to any such Obligation payable to the United States Treasury under the Code. The Authority agrees to cooperate with the City's undertaking to comply with the arbitrage rebate rules.

Section 505. No Personal Recourse Against Authority; Assumption of Financial Responsibility.

(a) In the exercise of the power of the Authority and its members, officers, employees and agents under this Service Agreement or the Indenture including (without limiting the foregoing) the application of moneys and the investment of funds, neither the Authority nor its members, officers, employees or agents shall be accountable to the City for any action taken or omitted by it or them

with respect to the issuance of Obligations except actions constituting bad faith, willful misconduct, gross negligence, fraud or deceit of the Authority or of any member, officer, employee or agent of the Authority. The Authority and such other persons shall be protected in its or their acting upon any paper or document believed by it or them to be genuine, and it or they may conclusively rely upon the advice of counsel and may (but need not) require further evidence of any fact or matter before taking any action. No recourse shall be had by the City for any claims against any member, officer, employee or agent of the Authority alleging personal liability on the part of such person based on this Service Agreement or on the Indenture or based on the Authority's issuance of Obligations.

(b) To the extent authorized by applicable law, and in consideration of the service being rendered by the Authority to the City pursuant to the Act and the Redevelopment Cooperation Law, the City, but only from current revenues of the City, agrees, to indemnify, defend and hold harmless the Authority and each of its directors, officers, employees, agents and representatives (each an "Indemnified Party" and collectively, the "Indemnified Parties"), against any and all suits, claims or causes of action (collectively, "Claims"), and all liabilities, losses, costs, expenses, judgments and amounts paid in settlement (including without limitation, reasonable attorneys' fees) of every kind (collectively, "Losses"), relating to or arising in connection with the Authority's entering into this Service Agreement, the Indenture or any other documents executed by the Authority in connection with the transactions contemplated in connection with the issuance of Obligations, the performance of any of the Authority's obligations hereunder or thereunder, any acts or omissions with respect to the Authority's interest under this Service Agreement, the Indenture or any other documents executed by the Authority in connection with the transactions contemplated thereby; except in each case to the extent that the Claims and Losses are attributable to the willful misconduct, gross negligence, bad faith, fraud or deceit of any such Indemnified Party; provided, however, that the City's liability hereunder shall not extend to any Claims and Losses attributable to the Authority's ongoing administration of the H.O.M.E. Plan.

(c) In the event any such Claim is made or action brought against any Indemnified Party, the City shall assume the defense of the Claim and any action brought thereon and the City shall pay all expenses incurred therein; or the Authority, with the consent of the City Solicitor, may assume the defense of any such Claim or action, the reasonable costs of which shall be paid by the City; provided, however, that Counsel selected by the Authority to conduct such defense shall be approved by the City and further provided that the City may engage its own Counsel to participate in the defense of any such action.

(d) The City shall have the right to control the defense of any legal proceedings involving any Claims (other than Claims relating to the inherent powers of the Authority), but shall keep the Authority advised as to all material developments in such proceedings. Notwithstanding anything herein to the contrary, the City shall not be required to indemnify or defend any Indemnified Party against any Claims or Losses to the extent such Claim or Loss is the result of the willful misconduct, bad faith, gross negligence, fraud or deceit of the Authority or such Indemnified Party; provided, however, the Authority's taking of any action, or the failure to take any action, which it is permitted to take under the terms of this Service Agreement, the Indenture or any of the documents involved in the issuance of the Obligations, shall under no circumstances be deemed to constitute willful misconduct, bad faith, gross negligence, fraud or deceit; and furthermore, the taking of any action by the Authority at the written direction of the City or the Trustee shall not under any circumstances be deemed to constitute willful misconduct, bad faith, gross negligence, fraud, or deceit.

(e) The City shall not be obligated under paragraphs (b), (c) or (d) above unless the Indemnified Party has given the City prompt and timely notice of matters contemplated by paragraphs (b), (c) or (d) above; provided however, the failure to so notify the City will not relieve the City from any obligation under paragraphs (b), (c), or (d) above except to the extent such failure has materially injured

the ability of the City to defend such matter successfully or to minimize the economic exposure resulting therefrom. Nothing in this Section shall be deemed to preclude the City from asserting any claim against an Indemnified Party for expenses arising from such Indemnified Party's willful misconduct, bad faith, gross negligence, fraud or deceit.

Section 506. Liabilities of the Trustee. To the extent authorized by applicable law, the City shall at all times assume complete financial responsibility for all liabilities, losses, claims, causes of action and reasonable costs and expenses (including, without limitation, reasonable attorneys' fees and expenses, including the actual and reasonable allocated costs and expenses of in-house counsel) incurred by, imposed upon or asserted against the Trustee, including its officers, directors, employees and agents, or any of them, for following any instruction or direction upon which the Trustee is authorized to rely pursuant to the terms of this Service Agreement, the Indenture, the Obligations or any Credit Facility Payment Obligations, or which arise on account of or result from any actions taken or omitted to be taken by the Trustee, except as a result of its or their gross negligence or willful misconduct, relating to or arising out of this Service Agreement, the Indenture, the Obligations or any Credit Facility Payment Obligations. Any provisions governing the rights, immunities and protections of the Trustee under the Indenture are incorporated by reference into this Service Agreement as being applied to the Trustee as though fully set forth herein.

Section 507. No Waiver of Immunity. Nothing herein shall waive or amend any defense or immunity which the City or the Authority, their officers, employees or agents may have under the Pennsylvania Political Subdivision Tort Claims Act, 42 Pa. C.S.A. §8541 et seq. or the Commonwealth Agency Law, 42 Pa. C.S.A. §8521 et seq.

Section 508. Non-Competitively Bid Contract Bidding Requirements. Pursuant to Section 17-1408 of the Philadelphia Code, the Authority shall abide by the provisions of Philadelphia Code Chapter 17-1400 in awarding any contract(s) pursuant to this Service Agreement as though such contracts were directly subject to the provisions of Chapter 17-1400, except that the provisions of Subsections 17-1402(1)(a) and (1)(c) shall not be deemed to apply to contracts between the Authority and a not-for-profit entity.

Unless approved by the City to the contrary, any approvals required by the Philadelphia Code Chapter 17-1400 to be performed by the City Solicitor shall be performed by the Authority by its General Counsel; any approvals required to be performed by the Director of Finance shall be performed by the Authority by its Director of Finance; and any approvals required to be performed by the Mayor shall be performed by the Authority by its Board Chair.

Section 509. Authority Audits. The Authority shall furnish to the City, upon request, a copy of its annual audited financial statements, and, if requested, shall permit any duly authorized representative of the City, including but not limited to the City Controller, to make reasonable examinations of its accounts and records relating to the H.O.M.E. Plan, the 20[] Project, this Service Agreement and the Indenture, including permitting the City Controller to audit its affairs as authorized in Section 6-400 of the Philadelphia Home Rule Charter during the term of this Service Agreement.

Section 510. Additional Information. The City agrees, whenever reasonably requested by the Authority, to provide and certify or cause to be provided and certified such information concerning the H.O.M.E. Plan and the City as the Authority reasonably considers necessary to enable it to make any reports or supply any information required under the provisions of the Indenture, applicable law or governmental regulation, or otherwise.

ARTICLE VI
EVENTS OF DEFAULT AND REMEDIES

Section 601. Events of Default. Each of the following shall constitute an Event of Default hereunder:

(a) The failure of the City to make any payment to the Trustee of the Service Fee due pursuant to Section 401(a) of this Service Agreement;

(b) The failure of the City to make any other payment or to perform any other covenant, condition or agreement herein on its part to be performed; and

(c) If the City proposes or makes an assignment for the benefit of creditors or a composition agreement with all or a material part of its creditors, or a trustee, receiver, executor, conservator, liquidator, sequestrator or other judicial representative, similar or dissimilar, is appointed for the City or any of its assets or revenues, or there is commenced any proceeding in liquidation, bankruptcy, reorganization, arrangement of debts, debtor rehabilitation, creditor adjustment or insolvency, state or federal, by or against the City and if such is not vacated, dismissed or stayed on appeal within sixty (60) days (provided that any such assignment, agreement, appointment or proceeding commenced under the First Class City Revenue Bond Act or the Municipal Utility Inventory and Receivables Financing Act, and/or any acceleration of the payment obligations in respect of any bonds, notes or other evidence of indebtedness issued under either aforementioned act, shall not be an Event of Default hereunder).

Section 602. Notice of Defaults; Opportunity to Cure Such Defaults. No default under Section 601(b) hereof shall constitute an Event of Default until actual notice of such default by registered or certified mail shall be given to the City by the Authority or the Trustee and the City shall have had 30 days after receipt of such notice to correct the default and shall not have corrected it; provided, however, if the default cannot be corrected within such 30-day period, it shall not constitute an Event of Default if corrective action is instituted by the City within the period and diligently pursued until the default is corrected.

Section 603. Remedies. If any Event of Default shall occur and be continuing, the Authority (or the Trustee as assignee of the Authority) may at its option exercise any one or more of the following remedies: (a) by mandamus, or other suit, action or proceeding at law or in equity, enforce all rights of the Authority, and require the City to perform its duties and obligations under this Service Agreement; (b) by action or suit in equity require the City to account as if it were the trustee of an express trust for the Authority; or (c) by action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the Authority.

In no event (including an acceleration of the Authority's payment obligations under the Obligations or with respect to any Credit Facility Payment Obligation) shall the due dates for payments of the Service Fee hereunder be accelerated.

Section 604. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Authority is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Service Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Authority or the Trustee to exercise any remedy reserved to it

in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required.

Section 605. No Additional Waiver Implied by One Waiver. In the event the breach of any agreement contained in this Service Agreement should be waived by either party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.
