(Bill No. 110648)

AN ORDINANCE

Authorizing and directing the revision of lines and grades on a portion of City Plan Nos. 305 and 306 by placing on the City Plan Delaware Avenue from Lewis Street to Buckius Street and authorizing the opening thereof; authorizing the opening of certain portions of Delaware Avenue from the northeast side of Lewis Street to a point approximately 205 feet southwest, and the opening of certain portions of Buckius Street from Delaware Avenue to Bath Street; and authorizing the acquisition of certain slope easements adjacent to the right-of-way lines of Delaware Avenue to be placed on the City Plan hereunder, all under certain terms and conditions.

WHEREAS, It is the intent of Council herein to newly authorize all actions previously authorized in Bill No. 080131 (approved March 26, 2008); now, therefore

THE COUNCIL OF THE CITY OF PHILADELPHIA HEREBY ORDAINS:

SECTION 1. Pursuant to Section 11-402 of The Philadelphia Code, the Board of Surveyors of the Department of Streets is hereby authorized to revise the lines and grades on a portion of City Plan Nos. 305 and 306 by placing on the City Plan Delaware Avenue from Lewis Street to Buckius Street.

SECTION 2. By virtue of and in pursuance of the authority vested in it by the Acts of Assembly, Council hereby authorizes the opening of Delaware Avenue from Lewis Street to Buckius Street, the opening of the unopened portions of Delaware Avenue (currently on the City Plan, partially opened) from the northeasterly side of Lewis Street to a point approximately two-hundred five feet southwestwardly therefrom, and the opening of the unopened portions of Buckius Street (currently on the City Plan, partially opened) from Delaware Avenue to Bath Street.

SECTION 3. The Commissioner of Public Property, on behalf of the City of Philadelphia, is hereby further authorized to acquire by purchase, dedication, donation, condemnation, or agreement in lieu of condemnation certain slope easements adjacent to the right-of-way lines of Delaware Avenue to be opened pursuant to this Ordinance for the purpose of supporting and protecting the area within the right-of-way lines, including the placement and maintenance of drainage facilities to protect the highway. Acquisition by the City of property as a slope easement shall not prevent the property owner from making any use of the area covered by the slope easement so long as that use is not detrimental to the support of the highway or the safety of the traveling public. The said slope easements to be acquired are more fully described in Exhibit "A" attached hereto.
