SECTION 505 PREMISES IDENTIFICATION

F-505.1 Address identification. New and existing buildings shall have approved address numbers, building numbers or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property. These numbers *shall be reflective and shall contrast with their background.* Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall be a minimum of 4 inches (101.6 mm) high with a minimum stroke width of 0.5 inch (12.7 mm). Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure.

Exception: Non-reflective identification installed prior to July 1, 2013 on existing buildings, otherwise in compliance with this subsection, need not be altered to reflective identification.
