Granting permission to Cavalier Telephone Mid-Atlantic, LLC, its successors and assigns to construct, maintain and operate, replace, and remove a telecommunications system along, over, in and under the public rights-of-way and City streets and/or to place such telecommunications system on or within the existing facilities owned by Bell Atlantic-PA, PECO Energy Company, Southeastern Pennsylvania Transportation Authority, CSX Corporation, Norfolk Southern, Consolidated Rail Corporation Shared Assets or other entity holding a grant pursuant to other City Ordinances; all under certain terms and conditions.

THE COUNCIL OF THE CITY OF PHILADELPHIA HEREBY ORDAINS:

SECTION 1. Permission is hereby granted to Cavalier Telephone Mid-Atlantic, LLC, (hereinafter “Cavalier”) and its successors, assigns, and agents, to construct, maintain, operate, replace, and remove a telecommunications system and appurtenances along, in and under the public rights-of-way of the City of Philadelphia and on or within the existing facilities owned by Bell Atlantic-PA, PECO Energy Company, Southeastern Pennsylvania Transportation Authority, CSX Corporation, Norfolk Southern, Consolidated Rail Corporation Shared Assets or other entity holding a grant pursuant to other City ordinances, subject to such owner’s consent; and to construct, lay, operate, maintain, replace and remove new telecommunications cables, conduits, access manholes and associated appurtenances (collectively, the “Telecommunications System”) to create a system used to transmit, receive and distribute telecommunications (provided that Cavalier is not authorized by this Ordinance to provide to subscribers within the City “cable service”, as that term is defined at 47 U.S.C. section 522(5), as amended).

(a) Cavalier is authorized to attach aerial facilities to authorized existing utility poles owned by Bell Atlantic-PA Inc. and or PECO Energy Company in and along the following public rights-of-way subject to the utility pole owner’s permission:

- 5th street: From Diamond street to Brown street

Jasper street: From Dauphin street to Arizona street
Market street: From 22nd street to 36th street
Moravian street: From 9th street to 17th street
Mount Airy avenue: From Chew avenue to Germantown avenue
Passyunk avenue: From Snyder avenue to Broad street
Roosevelt Boulevard: From City of Philadelphia limits to Haldeman avenue

(b) Cavalier is authorized to install new underground ducts and appurtenances in the following public rights-of-way:

70th street: From City of Philadelphia limits to Regent avenue
84th street: From Bartram avenue to Lindbergh Boulevard
Callowhill street: From 8th street to 9th street

The said Telecommunications System shall be constructed in accordance with the requirements and under the supervision of the Department of streets, without interference with any existing surface or subsurface structures, and shall be used by Cavalier and/or its successors and assigns exclusively for the purposes set forth in this Section and in accordance with all Ordinances of the City of Philadelphia and regulations of the Committee of Highway Supervisors governing the construction, maintenance, and operation of underground structures and the equipment, facilities and or appurtenances placed therein.

The permission granted by this Ordinance is conditioned upon the approval of the Department of Streets as to construction and the installation of Cavalier's facilities at any location along the specified route and is not a guaranty that Cavalier's facilities can be placed at any particular location along that route. No City department, agency, board, or commission shall be required solely by virtue of this Ordinance to issue any permit, license, or approval that Cavalier must by law obtain prior to construction or occupancy of existing conduit in the public right-of-way.

All telecommunication facilities within a railroad right-of-way that includes an alteration to a rail/highway crossing as that is defined under state law must have, in addition to the approvals set forth in this Ordinance, the appropriate approval of the Pennsylvania Public Utility Commission.

SECTION 2. In the event that any portion of said Telecommunications System must be relocated to accommodate a public improvement or public facility, whether such improvement or facility is constructed by the City or other governmental entity itself or by contract, the Department of streets shall provide Cavalier with written notice, at least one hundred eighty (180) days prior to any required action of Cavalier to relocate said portion of the Telecommunications System. Within one hundred eighty (180) days of service of said notice upon Cavalier, Cavalier shall relocate said portion of the Telecommunications System and restore the roadway and footway disturbed by the relocation to the then existing condition, without expense to the City. In the event that Cavalier is required to remove any portion of the Telecommunications System at the request of the City, the Department of streets shall cooperate with Cavalier in order to identify a replacement and alternative right-of-way for the relocation of said portion of the Telecommunications System which may be utilized without unreasonable inconvenience.

SECTION 3. Pursuant to subsection 11-204(5) of The Philadelphia Code, the permission granted by this Ordinance shall include permission to extend from the route described in Section 1 by no more than three (3) City blocks, said blocks to be demarcated by major City streets and not intervening pathways or alleyways. Before any such extensions are made, Cavalier shall first obtain the approval of the Department of Streets. This Section shall govern all deviations from the route approved in Section 1 including those which serve as replacement and alternative right-of-way in relocating Cavalier pursuant to Section 2 of this Ordinance. All deviations which extend more than three (3) City blocks from the approved route shall require additional authorization from City Council.

SECTION 4. The permission granted to Cavalier to occupy the public right-of-way and City streets with its Telecommunications System shall be and is subject to the terms and conditions of this Ordinance, and other applicable ordinances of the City of Philadelphia, including, but not limited to, all Ordinances of general

application currently in existence or hereafter enacted related to the right of occupancy and use in, under, over, along and across the streets, sidewalks, alleyways, easements and right-of-ways within the City of Philadelphia, and all applicable agreements, to the extent that such agreements are consistent with the terms and conditions of this Ordinance.

SECTION 5. Before exercising any rights and privileges under this Ordinance, Cavalier shall enter into an agreement (“Agreement”) with the appropriate City department or departments, in form satisfactory to the City Solicitor, to provide that Cavalier shall, *inter alia*:

(a) furnish the City with a bond with corporate surety in an amount required by the Department of Streets and in form satisfactory to the City Solicitor to ensure the compliance with all the terms and conditions of this Ordinance and the Agreement and to protect and to indemnify the City from and against all damages or claims for damages which may arise directly as a result of the construction, maintenance, operation or removal of Cavalier’s Telecommunications System;

(b) secure all necessary permits, licenses and approvals from all appropriate departments, agencies, boards, or commissions of the City or other governmental entity as may be required by law;

(c) assume the costs of all changes and adjustments to, and relocation and abandonment of, all utilities and structures wherever located as may be necessary by reason of the installation of Cavalier’s Telecommunications System;

(d) carry insurance protecting against liability for injury to persons or property of others, naming the City as an additional insured party in such amounts as shall be reasonably satisfactory to the City Solicitor; and

(e) pay all charges, rents, franchise fees or other fees that the City of Philadelphia may now or in the future impose for a licensee’s occupation of City property, streets and rights-of-way.

SECTION 6. The City Solicitor shall include in the Agreement such other terms and provisions as shall be deemed necessary to protect the interest of the City.

SECTION 7. The permission granted to Cavalier to construct, maintain and operate, replace and remove a telecommunication system along, over, in and under the public rights-of-way and City streets listed in Section 1 of this Ordinance shall expire without any further action by the City of Philadelphia if Cavalier has not entered into the Agreement as required by Section 5 within one (1) year after this Ordinance becomes law.

SECTION 8. The permission granted to Cavalier and its successors, assigns, and agents for installation and or construction of the new facilities along the route identified in this Ordinance shall expire without any further action by the City of Philadelphia as to such portions not constructed two (2) years after the date this Ordinance becomes law unless Cavalier, its successors, assigns, and agents have substantially completed the construction of the new facilities authorized herein. A change in ownership of the assets of Cavalier does not, without express written permission of the City of Philadelphia, extend the time for substantially completing the construction of the new facilities authorized herein.

SECTION 9. The City of Philadelphia reserves the right to charge a transfer fee for any agreement transferring the right of way license from one entity to another so as to insure that all costs incurred by the City of Philadelphia related to the transfer are reimbursed. The transferee must pay the City of Philadelphia's costs associated with such transfer within 30 days of the costs being submitted to the transferee or the transferee's authorized agent.

SECTION 10. This Ordinance shall not become effective unless the sum of two hundred dollars (\$200.00), toward costs thereof, is paid into the City Treasury within sixty (60) days after this Ordinance becomes law.
