§20-609. Outside Employment.

(1) No Officer or Employee may have another paid position besides his or her City government job, including as attorney, agent, broker, employee, officer, director, trustee, or consultant, whether full-time, part-time, or as an independent contractor, with any Person or Business, or be an officer or director of a Business or other organization, whether organized for profit or not-for-profit, and even if unpaid, if the Officer or Employee knows, or could reasonably learn, that

(a) the Person or Business has a current contractual relationship with the City or is otherwise currently doing business with the City; or

(b) the Person or Business has submitted a proposal to the City, is negotiating a proposed Transaction Involving the City, or has otherwise initiated discussions concerning potential business with the City or an application for Financial Assistance (as that term is used in Chapter 17-1400, but without regard to any dollar minimum set forth therein).

(2) The provisions of this Section shall not apply to a teaching position at a high school, college or graduate school, if the following conditions are met:

(a) for appointed officers and employees, the outside employment is approved in writing by the Officer or Employee's appointing authority as presenting no conflict with the Officer or Employee's official duties;

(b) for elected officers, the officer must disclose the teaching position and announce his or her disqualification from any matter affecting that employer, under the provisions of Code Section 20-608.

(3) The Board of Ethics shall have authority to grant exceptions to this Section where it is in the interests of the City for a department head to designate a particular employee to serve as an unpaid officer or director of a nonprofit organization that does business with the City.
