To amend the Philadelphia Zoning Maps by adding certain requirements pursuant to the changing of zoning designations of certain areas of land located within an area bounded by Arch Street, 18th Street, Cuthbert Street, and 19th Street, pursuant to Section 14-305 of the Zoning Code entitled "C-4" Commercial and "C-5" Commercial District, under certain terms and conditions.

*THE COUNCIL OF THE CITY OF PHILADELPHIA HEREBY ORDAINS:*

SECTION 1. Chapter 14-300 of The Philadelphia Code is hereby amended to read as follows:

CHAPTER 14-300. COMMERCIAL DISTRICTS.

\* \* \*

§14-305. "C-4" Commercial and "C-5" Commercial Districts.

\* \* \*

(4) Area Regulations. These regulations are intended to encourage mixed-use development that is sympathetic to and compatible with the existing pattern of development. Their goal is to protect and reinforce the historic scale of certain areas and to ensure the continuity of use and architectural scale in other areas. These regulations recognize that some areas of Center City are more appropriate than other areas for the erection of tall, dense buildings and, therefore, encourage such development in some areas while discouraging it in others. These regulations are intended to ensure that new development creates lively, well lit, attractive and useable sidewalks and public spaces and to encourage the creation of unique and exciting new areas of public enjoyment.

\* \* \*

(c) Open Area Above Ground Level. In order to prevent the entire street and adjoining sidewalks and public spaces from being placed in constant shadow, buildings should occupy less of the area of the lot as they become taller. These controls should be established to enhance the utility of public space as well as the public sidewalk by providing for the penetration of sunlight and air. Therefore, development controls which require that the upper floors of buildings occupy no more than thirty percent (30%) to seventy-five percent (75%) of the lot area, are imposed as follows, provided, that when lots are located in areas which are subject to other more restrictive height and bulk controls set forth in other Sections of this Title, the most restrictive regulations shall apply:

\* \* \*

(2) Buildings in excess of the basic allowable gross floor area, as provided herein, (on lots designated class "C-4" Commercial, exceeding a F.A.R. of five hundred percent (500%) and on lots designated class "C-5" Commercial, exceeding a F.A.R. of one thousand two hundred percent (1,200%) and which are over three hundred feet in height above the average ground level:

\* \* \*

(e) From seven hundred feet above the average ground level of the lot, buildings, including mechanical space, shall occupy no more than thirty percent (30%) of the lot, or buildings, including mechanical space, over seven hundred feet in height above the average ground level may be constructed so that the average lot coverage of the building above a point sixty-five feet above the average ground level of the lot, shall not exceed forty percent (40%) of the lot, *provided, that in the area bounded by Arch Street, 18th Street, Cuthbert Street, and 19th Street, buildings, including mechanical space, over seven hundred feet in height above the average ground level may be constructed so that the average lot coverage of the building above a point sixty-five feet above the average ground level of the lot shall occupy no more than forty-eight and one-half percent (48.5%) of the lot.*

\* \* \*

(10) Incentive Floor Area.

\* \* \*

(a) Conditions. In order to obtain incentive floor area all of the following conditions must be met;

\* \* \*

(.2) The lot must have frontage along one of the following streets:

\* \* \*

*(.e) The south side of Arch Street between 18th Street and 19th Street.*

(.3) Incentive gross floor area may be aggregated by meeting more than one (1) of the following requirements, provided, that the amount of incentive gross floor area permitted on any lot shall not exceed a ratio greater than four hundred percent (400%) of the lot area.

(b) Exceptional Public Benefit. The following listed spaces when provided on a lot as part of the development of the lot, shall be considered to be of exceptional public benefit when the space complies with all of the requirements imposed upon it, as set forth herein, provided that incentive gross floor area shall be permitted on the lot only at the ratios listed below:

\* \* \*
