Upon the death of the surviving spouse *or surviving Life Partner*, or if there is no surviving spouse *or surviving Life Partner* who qualifies under the previous paragraph, the retirement benefit shall be paid to the dependent children, either natural or adopted, of the deceased member; and to the dependent grandchildren, either natural or adopted, of the deceased member, if the deceased had court ordered or court sanctioned physical and legal custody of the dependent grandchild, until each child or grandchild attains age eighteen (18) or, if any such child or grandchild remains dependent because of physical or mental infirmity, the duration of the infirmity. If there is no eligible child or eligible grandchild, the retirement benefit shall be paid to the dependent parent or parents of the deceased. Upon election of the member at any time during the member's life, any benefit otherwise payable after the member's death to a child or eligible grandchild who remains dependent at the time of the member's death because of physical or mental infirmity may instead be paid to a trust for the benefit of that child or eligible grandchild, so long as the trust meets the following conditions:

\* \* \*

If there is no surviving spouse, *surviving Life Partner*, dependent child or eligible grandchild or parent who qualifies, and the member dies before receiving retirement benefits equal to his or her member contributions, the balance shall be paid to the member's beneficiary.

\* \* \*

(3) Failure to designate survivor. When a member of Plan A, Plan B, Plan L, Plan Y, or Plan '10 retires without designating any survivor and then dies, no further benefits will be paid; provided, however, that if such member is survived by a spouse *or Life Partner* to whom the member had been married *or in a Life Partnership* two (2) years or more, and with whom the member was either living at the time of death, or had one or more children who are under the age of eighteen (18) at the time of the member's death, the member shall be deemed to have designated such spouse *or Life Partner* as the survivor under Option 1.

\* \* \*

§ 22-307. Payment of Retirement Benefit.

\* \* \*

(2) Remaining sums. When a retired member dies and letters testamentary or of administration have not been taken out on the estate of such retired member, the Board may pay any sums remaining due directly to:

- (a) the spouse *or Life Partner*;

\* \* \*

§ 22-309. Application for Benefits.

\* \* \*

(3) Incapacity to apply. In the event any member is unable, by reason of any disability, to make application personally for retirement or other benefits established by this Title, such application may be made

on behalf of the member by a member's spouse, *Life Partner*, parent, son, daughter, brother, sister or legal representative.

\* \* \*

§ 22-501. Service-Connected Death and Health Care Benefits.

\* \* \*

(2) Benefit amount. The service-connected death benefit shall be an amount equal to the total deceased member's contributions to the Retirement System, without interest, together with additional amounts of benefits payable as follows:

(a) A surviving spouse *or surviving Life Partner* who was living with the member or entitled to support from such member at the time of death shall receive an annual benefit equal to sixty percent (60%) of the member's final compensation. If a child or children, under the age of eighteen (18) years also survive the deceased member, each such child shall receive an annual benefit equal to ten percent (10%) of the member's final compensation until such child attains the age of eighteen, but in no event shall the total annual amount paid to the surviving spouse *or surviving Life Partner* and dependent children exceed eighty percent (80%) of the member's final compensation.

(b) If there is no such surviving spouse *or Life Partner*, or [if the] *such* surviving spouse dies [or], remarries *or enters into a Life Partnership* before any surviving child of such deceased member shall have attained the age of eighteen (18) years, *or such surviving Life Partner dies, marries, or re-enters into a Life Partnership*, then each child under such age shall receive an annual benefit equal to twenty-five percent (25%) of the member's final compensation, but in no event shall the total annual benefit so paid in any one (1) year exceed seventy-five percent (75%) of the member's final compensation. If there are more than three (3) surviving children under the age of eighteen (18) years, the children shall receive equal shares of such seventy-five percent (75%) of final compensation. When any such child dies or attains the age of eighteen (18) years, there shall be a redistribution by the Board to the surviving children under such age, but in no event shall any child receive more than twenty-five percent (25%) of the member's final compensation in any one year.

(c) If there is no such surviving spouse *or surviving Life Partner* and there is no child under the age of eighteen (18) years surviving such deceased member, then an amount equal to fifteen percent (15%) of final compensation shall be paid to the surviving father and/or mother, if any, of the deceased member if the Board, after investigation, shall find that such parent or parents were actually dependent upon such deceased member through absence of earning power as the result of disability or old age.

(d) If there is no such surviving spouse, *surviving Life Partner*, child under the age of eighteen (18) years or dependent parent surviving such deceased member, then the ordinary death benefit calculated as provided by § 22-502(2) (Ordinary Death Benefits) shall be payable to the deceased member's beneficiary.

(3) Proof of widowhood, *non-participation in a Life Partnership*, or dependency. Any survivor receiving benefits pursuant to the provisions of § 22-501(2) above, shall, not later than the fifteenth day of January of each year, file with the Board proof of continued widowhood, *non-participation in a Life Partnership*, or dependency, as the case may be. Failure to file such proof shall result in the suspension of benefits until such proof has been filed.

\* \* \*

(5) Service-connected health care benefit. If the Board determines that the death of a Police Employee or Fire Employee who had been a member of Plan A, Plan B, Plan D, Plan X or Plan '10 resulted from the performance of the duties of such member's position, a service-connected health care benefit shall become payable to the survivors of such member as set forth below. The Board shall avail itself of the services of the Medical Panel in making its determination whether the member died as a result of the performance of the duties of the member's position.

(a) The service-connected health care benefit shall consist of regular payments on behalf of the spouse *or Life Partner* and the member's dependent children of the appropriate cost of maintaining medical, dental, optical and pharmaceutical prescription benefits for such beneficiaries at the same benefit level as would have been in force if the deceased member were still alive and employed in the same position as held at the time of death. Payments on behalf of [the] *a spouse shall cease upon remarriage or entry into a Life Partnership . Payments on behalf of a Life Partner shall cease upon marriage or re-entry into a Life Partnership.* Payments on behalf of any surviving child shall cease when the child reaches the age of eighteen (18) years or, if any such child upon attaining age eighteen is and remains dependent because of physical or mental infirmity, the duration of the infirmity or, if the child is enrolled as a full- time undergraduate student, when the child ceases to be so enrolled or attains the age of twenty-two (22) years, whichever occurs first.

§ 22-502. Ordinary Death Benefits.

\* \* \*

(4) Ordinary death benefit in lieu of service-connected death benefit. If the deceased member's death was a service-connected death, the surviving spouse *or surviving Life Partner* may elect to receive ordinary death benefits in lieu of service- connected death benefits. If the surviving spouse *or surviving Life Partner* shall die before that surviving spouse's *or surviving Life Partner's* dependent child or children reach the age of eighteen (18) years, then the surviving dependent children under the age of eighteen (18) years shall receive equal shares of the annual benefit that the surviving spouse *or surviving Life Partner* had been receiving. When any such child dies or attains the age of eighteen (18) years, there shall be a redistribution by the Board to the surviving dependent child or children under such age.

(5) Conditions. No spouse *or surviving Life Partner* of a member of Plan D, Plan J or Plan X shall be entitled to receive benefits pursuant to this Section unless such spouse *or Life Partner* (a) was married to *or in a Life Partnership with* the deceased member for not less than two (2) full years before the member died, and was living with or entitled to support from such member at the date of death, or (b) was designated in writing as the beneficiary.

SECTION 13. It is the intent of the Council that Life Partners should be possessed of all rights and responsibilities, consonant with the relationship that Life Partners undertake with each other, that the City can lawfully confer. Therefore, the Mayor and any City officials or employees designated by the Mayor, are hereby authorized to take all lawful steps necessary to achieve this goal, whether by recommending legislation to Council, revising regulations, issuing executive orders, negotiating collective bargaining provisions, or otherwise. Within one year of the date this Ordinance becomes law, the Commission on Human Relations, or such other official or agency as the Mayor may designate, shall submit to the Council President and Chief Clerk of Council a comprehensive schedule of ordinances, regulations, executive orders, and existing collective bargaining provisions that the Commission finds materially conflict with the goals set forth in this Section. SECTION 14. Severability. If any clause, sentence, paragraph or part of this Ordinance, or the application thereof to any person or circumstance, shall for any reason be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this Ordinance nor the application of such clause, sentence, paragraph or part to other persons or circumstances but shall be confined in its operation to the clause, sentence, paragraph or part thereof and to the persons or circumstances directly involved in the controversy in which such judgment shall have been rendered.
