(c) Where the grantor is a trustee, the writing creating the trust shall be provided.

(d) Where the grantor is a corporation, documentation of the filing of Articles of Incorporation with the appropriate state agency shall be provided.

(e) Where, under the regulations of the Department, the grantor may legally be someone other than the record owner of the real estate identified in the deed, the Commissioner shall determine the appropriate documentation to be provided.

(3) *The Department shall take such other reasonable steps as it deems appropriate to determine the cause of any apparent discrepancy revealed as a result of the records check in subsection (1) and a review of the documents in subsection (2).*

(a) If the Department determines that there is no discrepancy, it shall record the deed, pursuant to state law.

(b) *If the Department determines that a discrepancy exists, but is satisfied with the explanation for the discrepancy, the Department shall record the deed as presented, pursuant to state law.*

(c) *If the Department determines that there is no reasonable explanation for a discrepancy, or if the required documents are not provided as outlined in subsection (2), the Department shall stamp the deed with the words "Not Certified," and then record the deed, pursuant to state law.*

The form shall:] *the Department shall provide a written disclosure to the grantee, which shall* (i) explain the risk of purchasing property without title insurance or legal counsel, including the risk of fraud and of assuming the liens, judgments and other debts of prior owners; (ii) provide information on legal services and (iii) be in plain language and translated in the language understood by the grantee.

[(5)](6) Within thirty (30) days of the recording of any deed, the Department shall notify, by first class mail, the prior record owner of the real estate identified therein, and the occupant at the address of the real estate identified therein, if that address is different from the record owner's address, that such deed has been recorded. *The Department shall, by regulation, establish a program for providing notice to certain property owners, residents, or organizations that a deed for a nearby property has been recorded, where the Department finds such notice would be reasonable and appropriate, and would assist in reducing or preventing fraudulent real property transactions, or would attenuate the impact of any fraudulent real property transaction.*
