Amending Bill No. 050670, entitled "An Ordinance granting permission to Center City ERUV Corporation, in order to demarcate the boundaries of a Center City eruv district, to construct and maintain a clear nylon cord and other ancillary facilities including a maximum of ten poles along, over, and in certain public rights-of-way and City streets, and/or to attach such demarcation facilities to existing facilities owned by other entities authorized by other City ordinances, subject to such owner's consent; all under certain terms and conditions," to modify applicable boundaries, all under certain terms and conditions

THE COUNCIL OF THE CITY OF PHILADELPHIA HEREBY ORDAINS:

SECTION 1. Section 1(a) of Bill No. 050670 (approved November 10, 2005) is hereby deleted and replaced with the following:

- (a) The Eruv Boundaries will make maximum use of existing physical features which can be used

for demarcation of an eruv for the Center City area, including currently installed utility lines, existing walls and fences, and river banks and other embankments. In certain areas, such existing boundaries will be supplemented by a clear nylon cord to connect such existing features and create a continuous boundary, and in some areas, lechis may be mounted on utility poles, subject to the owner’s consent, to create the proper form of boundary line; a maximum of ten new poles and a few extensions of existing fence posts may also be erected. The approximate territory bounded by the Eruv Boundaries is the area between Washington Avenue on the south, Poplar Street on the north, the Schuylkill River on the west, and Interstate 95 on the east. The specific boundaries are delineated as follows:
