\* \* \*

§ 14-107. Determination of Boundaries.

\* \* \*

(2) Multiple Districts or Provisions.

When the boundaries of various districts as shown on the zoning map are established so that a single [property] *lot* has more than one base zoning district designation, the following provisions apply. [For purposes of this § 14-107(2) (Multiple Districts or Provisions), L&I shall determine which district or provision is more restrictive.]

[(a) Splits Involving Residential Districts.

(.1) If the district with the more restrictive requirements is classified as a residential district in Chapter 14-400 (Base Zoning Districts) and that district covers more than 20% of the parcel, the provisions of that district shall apply to the entire parcel.

(.2) If the district with the more restrictive requirements is classified as a residential district in Chapter 14-400 (Base Zoning Districts) and that district covers 20% or less of the parcel, the provisions of that district shall only apply to the part of the parcel indicated on the zoning map.

(b) Splits Involving Other Districts.

If the district with the more restrictive requirements is not classified as a residential district in Chapter 14-400 (Base Zoning Districts) and that district covers more than 40% of the parcel, the provisions of that district shall apply to the entire parcel. If the district with the more restrictive requirements is not classified as a residential district in Chapter 14-400 (Base Zoning Districts) and that district covers 40% or less of the parcel, the provisions of that district shall only apply to the part of the parcel indicated on the zoning map.

(c) Splits Involving Any District.

The more restricted portion of the property may not be used for or to serve any purpose that is not allowed in the more restrictive zoning district.]

(a) *The provisions of a zoning district shall apply to the entire lot if both:*

- (.1) The zoning district covers at least 75% of the parcel; and*
  - (.2) The conditions of (b), below, do not apply.*
- (b) If any zoning district covers a contiguous area on the lot that is greater than or equal to either of the following, the most restrictive provisions of all zoning districts that have a contiguous area that covers at least 10% the total lot area shall apply:*
  - (.1) The minimum lot area for that district; or*
  - (.2) 1,600 sq. ft., if the zoning district does not require a minimum lot area.*
- (c) For any lot that meets the conditions of (b), only overlays that apply to zoning districts that cumulatively have a contiguous area that covers at least 10% the total lot area shall apply.*
- (d) On any parcel for which neither (a) nor (b) applies, the Commission shall select a single zoning district from among those that cover a portion of that parcel. The Commission shall select the zone based on what best accomplishes the goals for the immediate area in the comprehensive plan, as provided in its regulations. The provisions of the selected zoning district shall apply to the entire parcel.*

Roof decks must be set back at least five ft. from the extreme front building line (closest to the front lot line). In cases where the top story is already set back at least five ft. from the extreme front line of the building, the roof deck does not require an additional setback. A roof deck may not be constructed in the front setback required by § 14-701(2)(b) (Notes for Table 14-701-1) or § 14-701(2)(c) (Notes for Table 14-701-2) for stories above the second story in [RSA-5] *RSA-5*, *RSA-6*, and *RM-1* districts.

\* \* \*

##### (7) Solar Collectors.

##### (a) Roof-mounted solar collectors and associated solar collector support structures are permitted accessory structures in all zoning districts, subject to the following standards:

\* \* \*

(.4) In the [RSA-5] *RSA-5*, *RSA-6*, and *RM-1* districts, a solar collector support structure shall not be constructed in the front setback required by § 14-701(2)(b) (Notes for Table 14-701-1) or § 14-701(2)(c) (Notes for Table 14-701-2) for stories above the second story.
