An applicant shall not avoid the applicability of this Chapter by submitting piecemeal applications or approval requests for subdivision plats, site or development plans or building permits. Any applicant may apply for approval of a preliminary plan of subdivision, for approval of a site or development plan or for a building permit for fewer than twenty (20) dwelling units at any time; but the applicant must agree in writing that the applicant will comply with this Chapter when the total number of dwelling units at one location reaches twenty (20) or more.*

In the event the required number of off-site units are not available for occupancy within one year after a certificate of occupancy is issued for the original development project, the developer shall pay an Affordable Housing Fee to the City in accord with subsection (c), below, unless such one year period is extended by the Planning Commission, upon good cause shown.*

*(c) Payment of an Affordable Housing Fee to the City, calculated as follows:*

*(2) Any affordable dwelling units created shall be comparable in size, bedroom mix and quality of construction to the average market rate unit in the development.*

#### *§7-105. Application and Affordable Housing Plan.*

*(1) Application. For all developments covered by this Chapter, the applicant shall file with the Planning Commission an application for approval of the development on a form provided and required by the Planning Commission. The applicant shall also comply with any other applicable requirements of the Planning Commission under*

*Chapter 14-2100.*

*(2) Affordable Housing Plan. As part of the application process, the applicant shall file with the Planning Commission an affordable housing plan that specifies the development's compliance with each of the applicable requirements of this Chapter. The plan shall be subject to the approval of the Planning Commission and shall be incorporated into the development agreement between the applicant and the City as required by Section 7-106. At a minimum, the plan shall contain the following information:*

*(a) A general description of the development, whether the development will contain rental or individually owned units, or both, and, if the affordable units will be built off-site, the location of such off-site units;*

The applicant shall execute any and all documents deemed necessary by the City, including but not limited to, restrictive covenants and other related instruments, to ensure the continued affordability of the affordable dwelling units in accordance with this Chapter. The development agreement shall include, but not be limited to, the commitments and obligations of the applicant and shall incorporate the affordable housing plan and approval of that plan by the Planning Commission.*

*§7-107. Affordability Levels.*

*The City, through OHCD, is authorized to promulgate regulations to implement this Chapter, including determination of affordability levels based on the criteria set forth below. The Director shall publish a pricing schedule of sales and rental prices for affordable dwelling units to be updated annually.*

(1) *Ownership units.* The sales price for each affordable dwelling unit shall be calculated on the basis of: an available fixed rate thirty (30) year mortgage, consistent with the average rate published from time to time by Freddie Mac; a down payment of no more than five (5) percent of the purchase price; property taxes, if applicable; home owners insurance; and condominium or homeowner association fees, if applicable.

(2) *Rental units.* The monthly rent for each dwelling unit in the applicable portion of the development shall be calculated on the basis of thirty (30) percent of gross monthly income, adjusted for household size, less a reasonable allowance for utilities.

#### *§7-108. Eligible Household Qualifications.*

(1) *Each household seeking to be verified as an eligible household must submit to the Director, on a form provided by the Director, an application for eligibility in which the household provides such information that the Director requests to determine whether the household is eligible.*

(2) *After review, if the Director determines that the household is eligible, the Director shall sign a written verification of eligibility stating that the household qualifies as an eligible household. All such verifications shall be kept on file by OHCD.*

(3) *Appeals.* The Director shall, by regulation, provide an appeal process for review of any application by a household that has been denied verification by the Director as an eligible household.

#### *§7-109. Initial Sale to Eligible Households.*

(1) *Every affordable dwelling unit required under this Chapter shall be sold or rented only to eligible households, for the buyer or renter's primary residence. One-half of such sales or rentals shall be to families with incomes at or below 80% of AMI and the median income of such families shall be 40% of AMI; and one-half of such sales or rentals shall be to families with incomes at or below 125% of AMI and the median income of such families shall be equal to AMI.*

(2) *An applicant shall not sell or rent any affordable dwelling unit without first obtaining from the buyer or renter a verification of eligibility issued by the Director.*

#### *§7-110. Duration.*

*The affordable dwelling units in the applicable portion of the development, whether ownership or rental units, shall remain affordable for ten (10) years from the date of issuance of the certificate of occupancy, in the case of units for sale, and fifteen (15) years in the case of rental units, all through the imposition of a declaration of covenants, conditions and restrictions in accordance with Section 7-111.*

#### *§7-111. Declaration of Covenants, Conditions and Restrictions.*

(1) *Any development subject to the provisions of this Chapter shall also be subject to the following restrictions:*

(a) *The applicable portion of the development shall have recorded against it a Declaration of Covenants, Conditions and Restrictions requiring that the affordable housing units remain affordable for ten*

*(10) years from the date of issuance of the certificate of occupancy, in the case of units for sale, and fifteen (15) years in the case of rental units. Such covenants shall be recorded by the developer with the Department of Records, shall run with the land for the entire ten (10) or fifteen (15) years, as applicable, and shall bind any owner of the affordable housing units and any other party with an interest in title to such units. In the case of units for sale, such covenants shall further require that, upon subsequent sale of such units after ten (10) years, the seller shall pay over to the City an amount equal to twenty (20) percent of the increase in market value. Such increase shall be calculated by subtracting from the sale price (i) any increase in value due to improvements; and (ii) the original sale price when the unit was first sold by the developer. Such payments shall be appropriated and spent by the City in the same manner as any payments pursuant to Section 7-104(1)(b), relating to Affordable Housing Fee.*

*§7-112. Development Assistance Programs.*

*In recognition that the inclusion of affordable housing in any development will cause the developer to forego income that otherwise might be available from the development of market rate housing, it is the intent of Council that certain programs be developed to minimize the burden on developers. Such programs may include, but need not be limited to, modifications of Building Code requirements; provision of land for affordable developments, at below-market rates; and the provision of credits against business privilege tax. It is the intent of Council that legislation to implement such programs will be introduced into Council on or before the effective date of this Chapter.*

*§7-113. Enforcement and Penalties.*

*Each violation of this Chapter shall constitute a “Class III” offense, and any applicant who violates this Chapter shall be subject to a fine as set forth in Section 1-109(3). In addition, the City shall have the right to all remedies provided by law or in equity.*

*§7-114. Severability.*

*If any provision, sentence, clause, section or part of this Ordinance is for any reason found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses, sections or parts of this Ordinance. It is the intent of the City Council that this Ordinance would have been adopted had such unconstitutional, illegal or invalid provision, sentence, clause, section or part thereof not been included herein.*

*§7-115. Regulations.*

*(1) OHCD may promulgate regulations:*

*(a) Adjusting the percentage requirements set forth in Section 7-104(1) to account for rounding differences or to allow for similar minor deviations.*

*(b) Allowing for minor deviations from the median incomes set forth in Sections 7-104(1)(a) and 7-109(1), to account for the practical inability to find households with precisely the income levels called for by said Sections.*

*(c) Otherwise to implement the intent of this Chapter.*

SECTION 2. This Ordinance shall take effect upon the adoption by Council of legislation certifying that developer incentives, which include but need not be limited to, building code modifications, expedited permitting, enacting certain tax credits, and the provision of land for affordable units at reduced or nominal consideration, are in place. This Ordinance shall apply to any development for which an application for a zoning permit is filed on or after such date.
