§22-202. Membership After Transfer of Employment

(1) Transfers between divisions. After transferring employment between divisions, a member's retirement rights and related benefits are determined solely by the provisions of the appropriate plan of the division into which the member has transferred. Credited service under the plan of the member's previous division is automatically transferred as credited service to the appropriate plan of the member's new division except in the following cases:

* * *

(f) If any member of Plan J, [or] Plan Y, *or Plan 16, or any municipal employee member of Plan '10*, of the Retirement System is appointed to a position:

* * *

§22-203. Membership After Reemployment.

(1) Reemployment on or after January 8, 1987.

(a) Except as provided in paragraph (b) of this subsection, all separated employees who became reemployed by the City on or after January 8, 1987 become subject to the provisions of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16*.

* * *

(2) Purchase of credit for prior City service. Any rehired employee who becomes a member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* pursuant to § 22-203(1) (Membership After Reemployment) and who withdrew contributions for prior service with the City may purchase credit for prior service in the member's new plan, regardless of the retirement plan to which the member had previously belonged. To purchase credit for prior service, the rehired employee must pay the amount the member contributed or would have contributed for credit if the member had been a member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* during the member's prior employment, plus interest at the assumed earnings rate for fund investments as determined by the Board from time to time. Requirements for the purchase of credit are provided in § 22-803 (Purchase of Prior City Service).

* * *

§22-204. Reemployment of Retired Members

* * *

(2) Reemployment for less than three (3) years. If the period of reemployment under Plan A, Plan B, Plan L, [or] Plan Y, *Plan '10, or Plan 16* [or] is less than three (3) years, then when the reemployed member retires from City employment, the previous retirement benefits shall resume, and the Board shall refund the member's regular contributions made during the period of reemployment, and cancel the member's service credit for that period of reemployment.

(3) Reemployment for three (3) or more years. If the period of reemployment under Plan A, Plan B, Plan L, [or] Plan Y, *Plan '10, or Plan 16* is three (3) years or more, then when the reemployed member retires from City employment, the member's retirement benefits are redetermined to include credited service earned both before and after reemployment.

* * *

(7) Disabled members. A disabled member receiving service-connected disability retirement benefits shall have such benefits suspended upon reemployment and may, upon completing five (5) years of continuous reemployment with the City, purchase credited service for the period of time spent receiving service-connected disability retirement benefits. The purchase of credited service must occur prior to completion of the sixth year of reemployment unless the member enters into an installment payment plan pursuant to § 22-806 (Installment Payments). For members of Plan D, Plan J and Plan X, each year of credited service or portion thereof purchased shall cost six percent (6%) of the annual salary of the position the member separated from at the time of the member's separation to receive a service-connected disability retirement benefit plus six percent (6%) annual interest on said cost from the year separated to the date of application for repurchase under this subsection. For members of Plan A, Plan B, Plan Y, [and] Plan L, *Plan '10, and Plan 16*, each year of credited service or portion thereof purchased shall cost an amount determined by the total of:

(a) the product of the percentage of compensation that employees in the employee's plan were contributing at the time of the employee's separation to receive a service-connected disability retirement times the annual salary that the employee was receiving at that time[;], *or, for members of Plan 16 whose annual salary was in excess of the Stacked Hybrid Cap, times the Stacked Hybrid Cap*; plus

(b) nine percent (9%) annual interest on the amount in (a) from the year separated to the date of application for repurchase under this subsection.

* * *

§22-205. Optional Transfer of Membership

(1) Reemployed members of Plan D, Plan J or Plan X. Any separated employee who:

* * *

(c) upon separation from employment with the City when covered by Plan D, Plan J or Plan X, did not withdraw their pension contributions, upon reemployment, may elect either to be subject to the provisions of the plan covering them when they separated from service with the City or to transfer membership to the applicable division covered by Plan A, Plan B, Plan L, [or] Plan Y, *or Plan 16*. Such transfers are irrevocable.

* * *

(3) Contributions. If a member transfers membership to Plan A, Plan B, Plan L, [or] Plan Y, *or Plan 16*, the member must pay the Retirement System the difference between the contributions made before the transfer and the amount that would have been contributed if membership had been established in such plan during previous credited service, in accordance with the provisions of § 22-803 (Purchase for Prior City Service), except that:

* * *

(4) Transfer of credited service. In transfers of membership to Plan A, Plan B, Plan L, [or] Plan Y, *or Plan 16*, all of the member's credited service, including service credited before the transfer, shall be transferred to the applicable plan. The transferred member shall be treated as though membership had existed in such plan for the member's entire credited service and the member's retirement rights and benefits shall be determined solely by the new applicable plan.

§ 22-206. Electing Members of the Retirement System.

* * *

(2) *A member of Plan '10 represented by AFSCME District Council 33 may elect to participate in Plan 16 within ninety (90) calendar days of the effective date of this subsection. A member who makes such an election shall automatically become a member of Plan 16 upon payment to the Retirement System of the difference between the contributions made before the election and the amount that would have been contributed if membership had been established in Plan 16 during previous credited service, in accordance with the*

provisions of § 22-803(1) (Purchase of Prior City Service, Cost of Purchase), except that the interest provided for in § 22-803(1) shall not be charged on the purchase. In such case, all of the member's credited service, including service credited before the election, shall be transferred to Plan 16. For purposes of a member's defined benefit, the member shall be treated as though membership had existed in Plan 16 for the member's entire credited service and the member's retirement rights and defined benefit shall be determined solely by Plan 16. A member's participation and benefits in the DC Plan shall be determined by the applicable provisions of Chapter 22-1400.

CHAPTER 22-300. RETIREMENT BENEFITS

§22-301. Service Retirement Benefits

(1) Eligibility

* * *

(b) Subject to the provisions of paragraphs (c) and (d) below, any member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* who has attained minimum retirement age and has ten (10) or more years of credited service is a vested member of the Retirement System and eligible for service retirement benefits.

* * *

(.3) After the effective date of this Title (January 13, 1999), members of Plan A, Plan B, Plan Y or Plan '10 who [hold positions that] are both exempt from civil service and [who are] not [entitled to be] represented by a union and who have prior City service and are reemployed after the effective date of this Title may elect to vest their retirement benefits upon attaining five (5) years of credited service.

* * *

(.4) Any members of Plan A, Plan B or Plan Y who currently hold positions (both exempt from civil service and not [entitled to be] represented by a union) [what] *that* would have made them eligible for 5-year vesting under subsection (c)(.2) above if they had held that position on the day immediately preceding the effective date of this Title (January 13, 1999) and who were currently employed on the day immediately preceding the effective date of this Title but who were not in such an eligible position at the time

and who subsequently transferred positions without any break in service may elect to vest their retirement benefits upon attaining five (5) years of credited service.

* * *

(3) Amount and calculation of benefits. Annual service retirement benefits may not exceed the member's average final compensation. Annual service retirement benefits are calculated as follows:

* * *

(d) For a member of Plan Y *or a member of Plan 16*, two and two-tenths percent (2.2%) of average final compensation multiplied by the amount of credited service (expressed in years and specified to the day) for the first ten (10) years of credited service, plus two percent (2%) of average final compensation multiplied by the amount of credited service (expressed in years and specified to the day) in excess of ten (10) years of credited service.

* * *

(i) For members of Plan '10 who are municipal employees *or elected officials*, one and a quarter percent (1.25%) of average final compensation multiplied by the member's years of credited service for the first twenty (20) years of credited service.

* * *

§22-303. Optional Early Retirement Benefits.

(1) Eligibility. The following members are eligible for optional early retirement benefits:

* * *

(e) Any member of Plan Y *or Plan 16*, and any member of Plan '10 who is a municipal employee, who has thirty-three (33) or more years of credited service, regardless of age.

* * *

§22-306. Retirement and Survivorship Benefit Options.

* * *

(2) Failure to choose option; members of plans not eligible for Option 4. If a member of Plan L, [or] Plan Y, *or Plan 16*, or a member of Plan '10 who is a municipal employee or an elected official, retires without electing a retirement benefit option among Option 1, Option 2 and Option 3, the member shall receive retirement benefits without actuarial reduction except for early retirement under § 22-303 (Optional Early Retirement Benefits). Upon the member's death, subject to the provisions of subsection (3), no further benefits

will be paid.

(3) Failure to designate survivor. When a member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* retires without designating any survivor and then dies, no further benefits will be paid; provided, however, that if such member is survived by a spouse or Life Partner to whom the member had been married or in a Life Partnership two (2) years or more, and with whom the member was either living at the time of death, or had one or more children who are under the age of eighteen (18) at the time of the member's death, the member shall be deemed to have designated such spouse or Life Partner as the survivor under Option 1.

* * *

§22-308. Suspension of Retirement Benefits.

(1) Retired member's return to service in Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16*. If any retired member receiving retirement benefits under the provisions of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* returns to the service of the City, either by appointment or election to any position for which the retired member shall thereby become entitled to wages, salary, fees, or other compensation, the member's retirement benefits shall be suspended during the period of such service.

* * *

CHAPTER 22-400. DISABILITY BENEFITS

* * *

§22-402. Ordinary Disability Retirement Benefits.

(1) Qualification.

(a) Any member found to be mentally or physically totally incapacitated from the further performance of duty as the result of causes occurring not in the actual performance of duty to the City and who, as a member of Plan B, Plan D, Plan J, Plan L, [or] Plan Y, *or Plan 16*, or as a member of Plan '10 other than a fire employee, has had ten (10) or more years of credited service, or who as a member of Plan A or Plan X, or as a fire member of Plan '10, has had five (5) years of credited service, or a member of Plan B or Plan D who is totally disabled, in which case such member is considered to have had at least ten (10) years of credited service, shall be deemed retired and shall receive ordinary disability retirement benefits.

* * *

CHAPTER 22-800. PURCHASE OF CREDITED SERVICE

§ 22-801. Leaves of Absence Without Pay.

* * *

(3) Basis of member contributions.

(a) *For members of all Plans except Plan 16:* If a member makes contributions to the Retirement System for the period of an unpaid leave of absence, the amount of such contribution is based on the member's compensation rate as of the first day of the leave of absence; *and the applicable contribution rate during the leave of absence, pursuant to Section 22-902 (Member contributions).* If contributions are made for a leave of absence, the period of the leave is included as credited service for determining retirement and death benefits. Hypothetical earnings for which credited service contributions are paid may be used in calculating final compensation or average final compensation where appropriate.

(b) *For members of Plan 16:*

(.1) *If a member makes contributions to the Retirement System for the period of an unpaid leave of absence, the amount of such contribution is based on the applicable contribution rate during the leave of absence, pursuant to Section 22-902 (Member contributions), regardless of whether the member's compensation has exceeded or will exceed the Stacked Hybrid Cap, and a compensation rate calculated as follows: the lesser of (a) the member's actual compensation rate as of the first day of the leave of absence; or (b) the Stacked Hybrid Cap. If contributions are made for a leave of absence, the period of the leave is included as credited service for determining retirement and death benefits. Hypothetical earnings for which credited service contributions are paid may be used in calculating final compensation or average final compensation where appropriate, provided that the sum of such hypothetical earnings plus any such employee's actual compensation for the applicable calendar year shall not exceed the Stacked Hybrid Cap.*

(.2) *Notwithstanding anything else in this Title, with respect to a member of Plan 16 who has been granted a leave of absence (1) because of such member's illness, maternity or injury, or (2) with respect to which employment protections are required under USERRA or Chapter 73 of Title 51 of the Pennsylvania Consolidated Statutes (51 Pa. C.S. Ch. 73), the sum of (i) contributions paid by such member in the applicable calendar year for current service pursuant to Section 22-902, and (ii) contributions paid by such member in the applicable calendar year for such leave of absence pursuant to this Section 22-801(3)(b), shall not exceed the contributions such member would have paid in the applicable calendar year had he or she been on the active payroll for the period such member was on such unpaid leave of absence. This limitation shall not otherwise affect the purchase of credited service under this Section 22-801 or any other provision of this Title.*

[(b)] (c) A member who, in accordance with Civil Service Regulations, receives a leave of absence without pay in order to serve as a full time officer or employee of a union representing only City employees, or to secure special education or training, may continue to make contributions into the Retirement System *consistent with the contribution rate applicable to the member pursuant to this Section 22-801(3), based upon the salary the member would be receiving if the member had not been granted such leave of absence, provided that, with respect to a member of Plan 16, the term salary in this subsection shall mean the lesser of the member's actual salary or the Stacked Hybrid Cap.*

§22-802. Purchase of Governmental Service.

* * *

(2) Maximum purchase of service; limitation. * * * A member in Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* must file applications to purchase governmental service with the Board within

one (1) year following date of employment for new employees, or within one (1) year following [the effective date of this Title] *January 13, 1999*, for members of the Plan on [the effective date of this ordinance] *that date*. Provided, however, that members of Plan A, Plan B, Plan L, Y, [or] Plan '10, *or Plan 16* who file beyond the one-year deadline, may make such purchase by paying the additional interest provided in Section 22-807. Notwithstanding any other provision in this Title, for persons hired on or after July 1, 2010: service credits purchased pursuant to Section 22-802(1) by a member [who holds a position that is both exempt from civil service and who is not entitled to be represented by a union] *who is not in the civil service and not represented by a union* shall not count toward the vesting requirements set forth in Section 22-301 unless and until the member has attained a minimum of five years of credited service with the Retirement System other than through the application of Section 22-802(1).

* * *

(4) Computation of payment for Members in Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16*. The employee may purchase governmental service by paying:

(a) The normal cost rate (employee plus employer) in effect on the date the employee becomes a member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* multiplied by

(b) The member's annual compensation at that time multiplied by

(c) The years of credited service being purchased.

* * *

§22-803. Purchase of Prior City Service

(1) Cost of purchase. If an employee is separated from City employment and withdraws contributions covering credited service, then § 22-302 (Separation Retirement Benefits) provides that the employee no longer has service credit for retirement, death or disability benefits. If such an individual is later reemployed by the City in Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16*, the employee may purchase credit for previous City service by paying the Retirement System the amount of the contributions that would have been made during the period of previous employment if the employee had then been a member of the appropriate plan of the Retirement System, together with interest thereon at the assumed earnings rate on fund investments as determined by the Board from time to time.

(2) Limit on time to purchase. If an employee applies to restore credit for previous service, the employee must either pay the full amount calculated under subsection (1) or make arrangements within the first year of reemployment to pay such amount on the installment plan described in § 22-806 (Installment Payments) or through transfer payments described in § 22-808 (Transfer Payments). Provided, however, that members of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* who file beyond the one-year deadline may make such purchase by paying the additional interest provided in Section 22-807.

* * *

(4) Purchase of temporary service by [members of Plan Y.] *municipal employees, hired on or after January 1, 1987*. If a temporary employee who was originally hired on or after January 8, 1987 for six (6) months or less continues to work for the City after the six (6) months are over, that employee becomes a

member of [Plan Y] *the applicable plan for persons hired on the employee's date of hire*, beginning with the first full pay period after the six (6) months. At that time, the employee may purchase service credit for the period of temporary service by paying contributions covering such period, together with interest thereon at the current rate determined by the Board's actuary.

* * *

§22-807. Interest.

Any member of Plan A, Plan B, Plan L, Plan Y, [or] Plan '10, *or Plan 16* who desires to purchase credited service for:
