The Department may waive this requirement upon a showing of exceptional circumstances.*

(b) Moderate Income owner-occupied units shall:

- (i) Have a maximum sale and resale price, during the term of affordability, calculated on the basis of a down payment of no more than 5% of the purchase price, a fixed rate 30 year mortgage, consistent with the average monthly rate published from time to time by Freddie Mac, and total monthly costs (including mortgage principal and interest, property taxes, property insurance, and condominium or homeowner association fees) that do not exceed 30% of gross monthly income for households earning up to [100%] 80% of the AMI, adjusted for household size, as reported by HUD for the Philadelphia [Primary] Metropolitan Statistical Area;

The Department may waive this requirement upon a showing of exceptional circumstances.*

(b) Low Income owner-occupied units shall:

(i) Have a maximum sale and resale price, during the term of affordability, calculated on the basis of a down payment of no more than 5% of the purchase price, a fixed rate 30 year mortgage, consistent with the average monthly rate published from time to time by Freddie Mac, and total monthly costs (including mortgage principal and interest, property taxes, property insurance, and condominium or homeowner association fees) that do not exceed 30% of gross monthly income for households earning up to [80%] 70% of the AMI, adjusted for household size, as reported by HUD for the Philadelphia [Primary] Metropolitan Statistical Area.

(ii) Be sold to one or more members of a household [earning] *with household earnings* up to [80%] 70% of the AMI, adjusted for household size, as reported by HUD for the Philadelphia [Primary] Metropolitan Statistical Area at the time of sale; and

(iii) Be the principal residence of at least one person who owned the unit during the period of affordability.

(b) Criteria.

A floor [area bonus or height] *area, height, or housing unit density* bonus, as applicable, may be earned (i) by providing affordable housing, provided that [it] *the project* meets the [following standards:] *standards set forth in subparagraphs (.1) through (.5), below; or (ii) if the owner of the property enters into a payment-in-lieu agreement that meets the standards set forth in subparagraph (.6), below. This bonus is not available for developments of subsidized housing where 51% or more of the dwelling units will be affordable under any of the definitions set forth in subsection (a) ("Affordability"), above, and is not available for developments where less than 50% of gross floor area will be in residential use.*

(.1) At least 10% of [a minimum of five] residential dwelling units (*rounded up, if fractional*) constructed using base floor area ratio shall be *provided and maintained as* affordable, as defined in § 14-702(7)(a)(.1) or § 14-702(7)(a)(.2), above.

[(.2)] This bonus is not available to developers of subsidized housing where 51% or more of the dwelling units will be affordable as defined by § 14-702(7)(a)(.1) or § 14-702(7)(a)(.2).]

[(.3)] (.2) Affordable units shall be affordable, as defined in § 14-702(7)(a)(.1) or § 14-702(7)(a)(.2), for a term of not less than [15]50 years with future sales, affordability, compliance, and certain legal remedies within such period governed by a [restrictive covenant or long-term ground lease approved by the Law Department before the issuance of a building permit.] *recorded instrument or instruments in favor of the City, in substance satisfactory to the Department and in form satisfactory to the Law Department, committing to satisfy all requirements of this subsection (b).*

[(.4)] (.3) Affordable units shall be [constructed and available] *constructed, completed, ready for occupancy, and marketed* at the same time as market-rate units and reasonably dispersed [throughout the development or as provided by a restrictive covenant benefiting the City of Philadelphia.] *on the same site as the development such that no single building or floor therein will have a disproportionate percentage of affordable units; provided, that, the Department may permit some or all of such affordable units to be provided and maintained off-site, upon a showing of exceptional circumstances and a substantial public benefit deriving from the proposed off-site development and such other requirements and penalties for non-compliance as provided for by regulations of the Department.*

[(.5)] (.4) [Affordable units shall be comparable to market-rate units in exterior and interior building materials and finishes; overall construction quality; and energy efficiency, or as provided by the City of Philadelphia.] *Affordable units shall be of comparable quality, in terms of the size, design, exterior appearance, energy efficiency, and overall construction, as the market-rate units within the development, except that the Department of Planning and Development may authorize, on a case by case basis, variation in lot size, number of stories, or whether units are attached or detached, upon good cause shown. For rental units, this requirement shall apply to any maintenance or renovations performed during the life of the affordability commitment. Where the quality of market rate units, in terms of the size, design, exterior appearance, energy efficiency, and overall construction varies from unit to unit, the quality of affordable units shall vary substantially to the same degree. Affordable units may have interior finishes and features that are functionally equivalent to those of any market-rate unit within the development, so long as those finishes and features are durable, of good and new quality, and consistent with any further standards which the Department of Planning and Development may establish.*

(.5) *For owner-occupied units, the owner and all subsequent owners during the affordability period provided for in subparagraph (.3), above, shall give the Department a right of first refusal to purchase each affordable unit, with 90 days' notice of any sale;*

and shall give the Department notice of any foreclosure of an affordable unit within seven days of receipt of a foreclosure notice.

[(.6) An owner or applicant of a building with a principal residential use may choose to make a payment in lieu of building affordable units. The City shall select the 10% of the units to be constructed to be considered as qualifying units and calculate the required payment amount. The owner or applicant shall provide the City with any requested documentation necessary to calculate the payment amount. The in lieu payment will be contributed to the Philadelphia Housing Trust Fund and shall, per qualifying unit, be calculated using the lesser of § 14-702(7)(b)(.6)(a) or § 14-702(7)(b)(.6)(b) for 10% of the development's total residential units or a minimum of five units, whichever is greater.

(a) The amount that a household at either 60% or 80% of AMI, as determined by the bonus earned, adjusted for household size, as reported by HUD for the Philadelphia [Primary] Metropolitan Statistical Area, could afford to pay for the purchase of a qualifying unit; or

(b) The average cost of constructing a qualifying unit.]

(.6) The applicable bonus shall be available to a property if the owner enters into a binding agreement with the Department of Planning and Development pursuant to which the owner has tendered to the City, prior to the issuance of a building permit, a payment in lieu of providing affordable housing; and the Department has agreed to use such money for the purposes set forth in Chapter 21-1600 ("Housing Trust Fund"). The payment shall be calculated by multiplying the actual construction or improvement costs, calculated in the same manner as required for permits under § 4-A-902.3, by 1.00%, if the owner is seeking the moderate-income bonus, and by 2.00%, if the owner is seeking the low-income bonus. Taxes imposed pursuant to Chapter 19-4300 (relating to tax on the privilege of engaging in certain construction) shall not count towards the satisfaction of this requirement.

(c) Bonus Floor [Area or] Area, Building [Height.] Height, and Housing Unit Density.

(.1) The additional gross floor area or building height earned for [providing mixed-income housing] compliance with subsection (a), above, [is:] is as set forth in the tables, below. A property may take advantage of a height bonus, a gross floor area bonus, and a housing unit density bonus, if so provided by the tables in subparagraph (.3), below.

(.2) Housing Unit Density Bonuses in this § 14-702 shall be calculated and applied after any other bonuses are applied and rounded as indicated in the applicable sections. Whenever the calculation of permitted number of dwelling units, following the application of a bonus described in this § 14-702, results in a fraction of a dwelling unit, then the number of permitted dwelling units shall be rounded down to the nearest whole number.
