(d) A recipient of a Sidewalk Café permit, or a recipient of a streetery permit or temporary street closure permit, pursuant to regulations, shall be eligible to provide Outdoor Entertainment until December 31, 2021, so long as all other provisions of the Philadelphia Code are adhered to, including the following:

(.1) This provision shall apply retroactively to any applicant that had prior approval for a sidewalk café permit, streetery-street closure, or temporary lot closure.

(.2) Permittees must notify the City, through the streetery@phila.gov email address, that an Outdoor Entertainment performance is scheduled seventy-two (72) hours in advance of the Outdoor Entertainment performance taking place. The Streets Department may, by regulation, extend the notification requirement for significant geographic areas of the City when there is a determination that a longer notification period is necessary to ensure that the health and public safety of this significant geographic area of the City is sufficiently considered and addressed. In this notification, permittees must certify that:

(a) they have read, understand, and will comply with the City's COVID safety guidelines relating to entertainment, dining, and leisure, and;

(b) they will comply with any regulations promulgated by the City pursuant to this legislation.

(.3) Performers must wear a face mask at all times during an Outdoor Entertainment performance unless:

(a) all performers stand more than twenty (20) feet from members of the public; or

(b) performers perform behind a plexiglass barrier that will sufficiently prevent respiratory droplets from travelling from any performer to a member of the public.

(.4) All equipment must be removed at the conclusion of each Outdoor Entertainment performance.

(.5) A permittee that receives more than one violation notice for failure to maintain an Americans with Disabilities Act-compliant pedestrian path, shall be prohibited from providing Outdoor Entertainment.

(.6) There shall be no more than two (2) Outdoor Entertainment performances per City block, at any given time.

(.7) Until June 15, 2021, Outdoor Entertainment performances shall require a footway closure permit from the Streets Department, issued at the discretion of the Streets Commissioner.

(.8) After June 15, 2021, Outdoor Entertainment performances shall no longer require a footway closure permit from the Streets Department, however, the City reserves the right to deny the right to conduct Outdoor Entertainment performances on the basis of right-of-way conflicts, public safety concerns, history of violations, or history of complaints. Such denials will be provided in writing with the cause identified.

(.9) The Streets Department may, by regulation, restrict the hours that Outdoor Entertainment performances may occur for significant geographic areas of the City when there is a determination that shorter Outdoor Entertainment performance hours are necessary to ensure that the health and public safety of this significant geographic area of the City is sufficiently considered and addressed.
